All such documents and Instructions (whether oral or written) signed or given or purported to have been signed or given by any Authorised Person(s) shall be deemed to be within the power of such Authorised Person(s) and shall be absolutely and conclusively binding on the Client. The Client is responsible for ensuring that all Authorised

Person(s) comply with the Agreement and in any event remains responsible for all Instructions, even if they are given by an Authorised Person or other third party.

4.4 Company's Reliance on Instructions: The Company shall be entitled to treat an Instruction given in accordance with these Terms as fully authorised by the Client. The Company shall be entitled (but not bound) to act on or take such steps in connection with or in reliance upon such Instruction as the Company may in good faith consider appropriate for the purpose of executing the Transaction in accordance with such Instruction (whether it be an Instruction to acquire, purchase, sell, transfer, dispose of or otherwise deal with Investment Products) and shall have authority to bind the Client to any agreement or other arrangement with the Company or with any other person or to commit the Client to any other type of Transaction or arrangement whatsoever for the purpose of executing such Instruction, regardless of the nature of the Transaction or arrangement or the value, type and quantity of the Investment Products involved. Apart from verifying the signature of each of the Client and/or Authorised Persons (where an Instruction is signed by the Client and/or Authorised Person) against the Agreed Signing Arrangement or verifying the relevant designated number, password and/or any other information relating to the identity of the Client and/or any Authorised Persons (where an Instruction is given by any other means), the Company shall have no obligation to verify the identity or authority of the person giving any Instruction by any means or the authenticity of such Instruction. The Company may rely and act on Instructions believed by the Company in good faith to be genuine and any Transaction effected by the Company for the Client on that basis shall be binding on the Client, whether or not the Instruction for such Transaction is made or authorised by the Client.

4.5 Electronic Services: The Company may, from time to time and at its sole and absolute discretion, provide to the Client the Electronic Services in accordance with Clause 14 (Electronic Services).

4.6 Risks with Electronic Communications: The Client recognizes the risks in giving Instructions by telephone, facsimile, electronic mail or other electronic means (including the Electronic Services) including the risk of any Instruction being unauthorised or given by an unauthorised person or intercepted by a third party. If the Client chooses to give Instructions by any electronic means, the Client accepts the risks in full and authorises the Company to act on any Instruction received by it through such means. The Company does not assume any responsibility for any delay, failure, error, interruption or suspension in the transmission or communication of Instructions or information on prices or the mistaken communication of Instructions or information to any other party, or for any claim, liability or loss which the Client may suffer or incur as a result of the use of any particular means for giving or receiving Instructions or of the Company acting on such Instructions, unless due to the gross negligence, fraud or wilful default of the Company or any of its officers, employees or Affiliates and only to the extent of direct and reasonably foreseeable loss and damage (if any) arising directly and solely therefrom. The Company will not be liable for any delay or failure in the transmission of orders due to breakdown or collapse of communication facilities or for any other delay or failure beyond the control of the Company.

4.7 Cancelling or Amending Instructions: Once an Instruction is given by or on behalf of the Client, it may not be amended, rescinded or withdrawn unless the Company agrees otherwise. In the case of full or partial execution of the Client's amended, rescinded or withdrawn Instruction, the Client agrees to accept full responsibility for the Transactions. The Company shall not be obliged to act on any Instruction for cancellation, variation or amendment of any Instruction already given by or on behalf of the Client to the Company nor be responsible or liable to the Client for any loss or expense suffered or incurred by the Client if the original Instruction has already been completed by the Company in good faith or it is not reasonably practicable for the Company to act on such Instruction to cancel, vary or amend the original Instruction.

4.8 No Responsibility to Procure Compliance as a Fiduciary: The Company shall have no responsibility to procure compliance by the Client with any law or regulation governing the Client's conduct as a fiduciary (if applicable).

4.9 Priority: The Company may in its sole discretion determine the priority in the execution of the Client's Instructions.

4.10 Aggregating Orders: Subject to any Applicable Regulations, the Company may without notice to the Client aggregate the Client's order with its own orders or with those of persons connected with the Company or with those of other clients of the Company. Such aggregation may on some occasions operate to the Client's disadvantage and on other occasions to the Client's advantage.

4.11 Giving Instructions Outside Hong Kong: If the Client gives any Instructions outside Hong Kong, the Client undertakes that such Instruction will be given in compliance with all Applicable Regulations of the foreign place, and when in doubt, the Client shall obtain independent legal advice. If the Client is domiciled outside Hong Kong, the Client confirms that it is allowed to deal with the Investment Products in Hong Kong under the Applicable Regulations, and the Company has no duty to verify the same.

5. Executing Transactions

5.1 Instructing Brokers: The Client authorises the Company to instruct such executing brokers, agents, custodians, nominees, overseas (including branches or associates of the Company) as the Company may in its absolute discretion deem fit to execute any Transactions and acknowledges that the terms of business of such persons and the applicable Rules of any relevant Exchange, Clearing House and/or Clearance System on and through which such Transactions are executed and settled shall apply to such Transactions. The Client understands and agrees that the Company may, as a result of providing services to the Client under the Agreement or otherwise, owe obligations towards a third party arising from, or in connection with, the Client's Investment Products and the Charged Assets. Such third parties may have rights and entitlements in the Client's Investment Products and the Charged Assets, which can affect (a) the Company's ability to discharge its obligations towards the Client in respect of such Investment Products and Charged Assets (for example, returning certain Investment Products or Charged Assets to the Client), and/or (b) the Client's ability to exercise any of its rights in respect of, or attached to, such Investment Products or Charged Assets (including without limitation its voting rights attached to stocks).

5.2 Relevant Laws: All Transactions which the Company effects on the Client's Instructions shall be effected in accordance with all Applicable Regulations and Rules applicable to the Company and/or the Client. All actions taken by the Company in accordance with Applicable Regulations and Rules shall be binding on the Client.

5.3 Execution of Instructions "at best" or "at market": The Client acknowledges that by reason of market conditions or physical restraints on any Market and rapid changes in the prices of Investment Products and/or fluctuation in currency exchange rates, on occasions and despite the reasonable endeavours of the Company, executing brokers or dealers (whether in Hong Kong or elsewhere), the Company may not be able to execute the Client's Instructions in full or at the specific prices or time specified by the Client or "at best" or "at market". The Company shall not be liable if any Instruction is not performed in full due to market conditions or any other cause beyond the Company's control, and the Client shall accept and be bound by dealings effected by the Company.

5.4 Partial Performance of Order and Limit Order: Where the Company or any persons instructed by the Company are unable to perform any Instruction of the Client in full, the Company or such persons are entitled to effect partial performance without prior reference to or consent from the Client. Without prejudice to the generality of the aforesaid, unless at the time of giving an Instruction with respect to Investment Products, the Client expressly instructs the Company to immediately make the entire order public in the relevant Market (and the Company accepts such an Instruction), the Company is entitled not to do so having regard to the prevailing market conditions and market practice, in particular, where the Company is of the reasonable view that the order is not immediately executable in full under the prevailing market conditions.

5.5 Trading Day: Unless the Client gives any specific Instruction to the Company to the contrary (and the Company accepts such an Instruction), the Client acknowledges that all Instructions received by the Company on a trading day are valid for that trading day only (or such shorter or longer period as determined by the Company from time to time) (the "**Trading Period**"), and that, to the extent any Instruction is unfulfilled, it will lapse at the close of the official trading hours on the last trading day (within the Trading Period) of the Market in respect of which they are given. A good-till-cancelled order remains a pending order until cancelled by the Client. The order may be executed at any time prior to such cancellation, and the Client accepts full responsibility for the Transactions.

5.6 Interest: The Client shall pay interest on all overdue balances on any Account or any amount otherwise owing to the Company at any time (including interest arising after a judgment debt is obtained against the Client) at such rates and on such other terms as the Company notifies to the Client from time to time, or, failing such notification, at such rate determined by the Company from time to time. Interest shall accrue on a daily basis from the applicable due date or otherwise the date of demand up to and including the date on which the Company receives actual and unconditional payment in full. Overdue interest shall be compounded monthly and shall itself bear interest.

5.7 Recording and Tapes: The Client acknowledges that all telephone conversations between the Client and the Company may be taped without an automatic tone warning device in order to, amongst other things, enable the Company to verify the Instructions of the Client. The Client agrees that the recordings on relevant tapes or a transcript of the recording may be used as final and conclusive evidence of the contents of the Instructions.

5.8 Company's Records are Conclusive: The Client acknowledges that the books, data and records of the Company shall, in the absence of manifest error, be conclusive of the matter to which it relates and shall be conclusive evidence against the Client in all courts of law and for all purposes.

5.9 Operation of Accounts: The Client acknowledges that it will personally (or through its Authorised Persons) operate any Account opened by the Company for the Client in relation to the Agreement. In the event that the Client intends to appoint a third party to act in any way on behalf of the Client in relation to the Agreement, the Client shall appoint such third party by providing the Company with such letter of authorization or other form as prescribed by the Company, the terms and conditions of which shall be in addition to and shall be deemed to form a part of the Agreement. The Client shall ensure that any appointed third party trading representative also promptly provides to the Company a completed and signed client information statement as prescribed by the Company.

5.10 Prices: The actual bid and offer prices of any Transaction shall be determined at the time when the Transaction is effected and any figures which may be quoted or provided to the Client by the Company (some of which may have been provided to the Company by its third party information or service providers) or its representatives at any time are for reference only and are not binding on the Company or the Client. For the avoidance of doubt, the Company is entitled to act on any Instruction of the Client to effect a Transaction even if the price of the underlying Investment Product has altered to the disadvantage of the Client between the time of receipt of such Instruction and the time at which the Company or its agent actually effects the Transaction.

5.11 Title: The Company has no obligation to examine or verify the validity of ownership or title of any Investment Products.

6. Settlement

6.1 Settlement: Unless otherwise agreed or where the Company is already holding sufficient Investment Products, cash or other assets on the Client's behalf to settle a Transaction, the Client shall, by such time, at such place, in such amounts and in such manner as the Company may notify to the Client in relation to

the relevant Transaction: (a) pay or provide to the Company cleared funds or deliver to the Company the relevant Investment Products in deliverable form required for settling that Transaction; and (b) ensure that the Company will receive such cleared funds or deliverable Investment Products on the applicable settlement date or by such time as the Company may notify to the Client for the purpose of settling that Transaction.

6.2 Client's Failure to Settle: If the Client fails to comply with Clause 6.1 (Settlement), the Company shall be entitled, in its absolute discretion and without prejudice to any other rights or remedies of the Company or further notice to or consent from the Client, for the purpose of settling any Transaction: (a) in the case of a Transaction for the purchase or subscription of Investment Products, to sell or transfer the Investment Products being the subject matter of such Transaction and/or sell or transfer any other Investment Products in any Account to satisfy the Client's settlement obligations, at a price the Company believes to be reasonable and charge or debit any related costs, fees and expenses to any Account; or (b) in the case of a Transaction for the sale of Investment Products, to borrow and/or purchase Investment Products equivalent to the Investment Products being the subject matter of such Transaction to satisfy the Client's settlement obligations, at a price the Company believes to be reasonable; and in addition or as an alternative to Clause 6.1 (Settlement), to have recourse to its rights of combination and set-off or any other rights under the Agreement.

6.3 Right to Not Execute Transaction: Notwithstanding any other provisions of the Agreement, the Company is entitled not to execute any Instruction for the: (a) purchase of Investment Products unless the Client has made available to the Company cleared funds of an amount which is, in the opinion of the Company, sufficient to settle the related purchase price, fees and expenses in connection with such purchase; and (b) sale of Investment Products unless the Client has deposited the relevant Investment Products with the Company to settle such sale.

6.4 Deficit: The Client shall be liable for any Deficit resulting from losses and any cost, fee or expense (including legal costs) incurred by the Company, on a full indemnity basis, in relation to the purchase and/or sale of Investment Products pursuant to Clause 6.2 (Client's Failure to Settle).

7. Payments and Client Money

7.1 Payments to the Client: All monies payable to the Client by the Company shall be transferred to the bank account designated by the Client in the Account Opening Form or, at the option of the Company, by any other means, and either form of payment shall constitute a full discharge of the Company's obligation to make such payments.

7.2 Segregated Accounts: All money or other property received by the Company from the Client or from any other person for the account of the Client shall (unless otherwise permitted by the Applicable Regulations, or otherwise in accordance with a written direction of the Client or otherwise in accordance with a standing authority given by the Client to the Company from time to time, such direction or standing authority having been accepted by the Company) be segregated from the Company's own assets and paid into a segregated account.

7.3 Interest on Client's Money: Any interest derived from the Company's holding of client money (as defined in the SFO) shall be treated by the Company in any manner permitted by the Securities and Futures (Client Money) Rules (Cap. 571I of the laws of Hong Kong).

7.4 Transactions Executed Outside Hong Kong: Notwithstanding Clause 7.2 (Segregated Accounts), in respect of Transactions executed outside Hong Kong, the Client authorizes and directs the Company to pay into any trust account maintained by the Company with any financial institution, which may or may not be a licensed bank, in or outside Hong Kong all amounts (less all brokerage and other proper charges accruing thereon) from time to time received by the Company for and on behalf of the Client from the Transactions,

notwithstanding that any such amounts may be reinvested in further Transactions for or on behalf of the Client.

8. Statements and Records

8.1 General: The Company shall, in accordance with the Applicable Regulations, provide to the Client contract notes or other confirmations relating to any Transactions and statements of account relating to the relevant Accounts.

8.2 Monthly Statement: The Company will also deliver a monthly statement in relation to the Accounts, unless there have been no Transactions in relation to a particular Account during a particular month and the Account has no outstanding balances or holds any positions or Investment Products.

8.3 Conclusive/Client to examine: The Client shall examine each statement (including daily statement and monthly statement) and record issued by the Company. Contract notes, transaction confirmations and statements of account shall be conclusive of the matters stated therein (except in the case of manifest error) and shall be deemed to have been accepted by and binding on the Client unless the Company has actually received from the Client notice in writing alleging any omission or error within 2 Business Days after the date of such contract note or transaction confirmation or statement of account. Thereafter, the Client shall not dispute the accuracy of such statement.

8.4 Unilateral amendment: Notwithstanding anything to the contrary, the Company may unilaterally amend any such statement or record if it considers it to be appropriate to do so.

8.5 Non-receipt: In the event of (a) non-receipt of any statement of account or Transaction record from the Company or (b) if the Client receives any confirmation but has not issued the related Instruction, the Client shall notify the Company in writing, in the case of (a) within 5 Business Days after the time when the statement or record would normally have been received in the ordinary course of business, or in the case of (b) immediately after it receives such confirmation.

8.6 Method of delivery: The Client consents to the Company's issuance of contract notes, transaction confirmations, statements of accounts and other advices (collectively, "trade documents") in electronic form, and agrees to receive them by such means as specified by the Company from time to time, including via electronic means (including via the Electronic Services). The Client may, by giving not less than 2 months' (or such shorter period as the Company may accept) notice in writing to the Company, revoke its consent to receive trade documents in electronic form and via electronic means (including via the Electronic Services).

If the Company accepts any Instruction of the Client to effect any such sale or purchase of Investment Products or effects any currency exchange for any other purpose, the costs of effecting the relevant currency exchange and any profit or loss arising as a result of fluctuation in the exchange rate of the relevant currency will be entirely for the account of the Client. The Company may convert monies in any Account into and from any currency at such rate of exchange as the Company shall in its sole discretion determine as being the then prevailing money market rate. Such conversion may be made for the following purposes: (i) effecting any Instruction or Transaction, (ii) the calculation, settlement and recovery of any debit balance due or that may become due from the Client or credit balance owed to the Client, and (iii) for any other purpose relating to the Agreement.

The Company shall be entitled to deposit such cash or Investment Products with such other company or institution and on such terms as it may deem fit. Such cash or Investment Products may be co-mingled with those of other clients of the Company (but not with cash or Investment Products held for the Company's own account).

10.4 Co-mingling: The Client acknowledges and agrees that, where the Client's assets are pooled and held collectively with the assets of other persons, the Client's individual entitlements may not be identifiable by separate documents, records or evidence of ownership or title, and the Client and such other persons may

may give rise to any obligation to disclose interest on the part of the Company or its nominee in compliance with the Applicable Regulations.

10.11 Further Action: The Client authorizes the Company and its nominee to take all such actions as may be required to comply with any Applicable Regulations in providing custody services, including withholding and/or making payment of tax or duties payable in respect of cash or Investment Products in the Account. The Client acknowledges that neither the Company nor its nominee shall be liable in respect of any call, instalment or other payment in relation to the Investment Products held by the Company or its nominee.

10.13 No Trusteeship: The provision of the safe custody services does not constitute the Company a trustee of the Client or any of the Client's assets except where any such asset is registered in the name of the Company or a nominee of the Company in which case the Company acts in the capacity of a bare trustee only. The Company shall have no other obligations in respect of the Client's assets except those specified in the Agreement.

10.14 Client's Responsibilities: In the case of the transfer of any Investment Products, the Client will be responsible for arranging the relevant third party to deliver the Investment Products to the Client or to receive the Client's Investment Products, and that any handling, transfer or custodian fees and charges shall be solely for the account of the Client.

10.15 Same Class and Denomination: Any obligations of the Company to deliver, to hold in safe custody or otherwise or to register in the name of the Client, Investment Products purchased or acquired by it on behalf of the Client shall be satisfied by the delivery, the holding or registration in the name of the Client or its nominee, Investment Products of the same class, denomination and nominal amounts with those originally deposited with, transferred to or acquired by the Company on behalf of the Client.

The Client agrees that fees expressed to be payable by the Client to a third party in a fee schedule or otherwise ("**Third Party Fees**") may be inclusive of administrative costs and other fees for the account of the Company, its Affiliates and/or other parties. The Client further agrees that the Company shall be entitled to retain such proportion of the Third Party Fees as the Company considers in its absolute discretion to be appropriate. The Company reserves the right to revise its fee schedules and such other notices from time to time.

11.2 Maintenance Fee: The Company may charge a monthly maintenance fee to be notified by the Company to the Client on any Account with no trading activity for any length of time as specified by the Company from time to time.

11.3 Fees and Expenses: The Client shall be liable on a full indemnity basis for all fees and expenses incurred by the Company in connection with the Transactions, the Accounts and/or provision of its services including fees payable to any brokers, custodians, agents and nominees, stamp duties, transfer fees, registration fees, taxes, stock settlement fees, levies imposed by relevant Exchange, Clearing House or Market, interest and other handling costs or expenses.

11.4 Handling Charge for Fund Transfer: The Client agrees that any administrative fee, remittance fee and correspondent bank charges that are payable regarding any fund transfer made by the client shall be borne by the Client. The Client further agrees that any payment made to Theia Securities Limited or any fund transfer made by the Client to the Account must be net of all fees and charges. The Client authorises the Company to pay any such charges on behalf of the Client (if required).

11.5 Deduction from the Account: The Company is authorised by the Client, at any time without prior notice to the Client, to charge to or debit from any Account any commissions, fees, charges, brokerage, remuneration, levies, duties and other costs and expenses payable by the Client.

11.6 Payment in Full: Payments by the Client shall be made to the Company in the manner specified by the Company in immediately available funds (or other funds determined by and acceptable to the Company at its absolute discretion) on the due date, without any deduction, set-off, counterclaim, withholding or condition of any kind, and in such currency as the Company may in its absolute discretion require, except that, if the Client is compelled by law to make such withholding, the sum payable by the Client shall be increased so that the net amount actually received by the Company is the amount it would have received had there had been no withholding.

12. Taxes

12.1 Client's Responsibility: The Client is solely responsible for handling and fulfilling all tax issues, liabilities and obligations under all Applicable Regulations. The Client should seek independent professional tax advice from its own tax adviser and to determine its own tax position, liabilities and obligations. The Company is not responsible for advising on or handling any of the Client's tax issues, liabilities or obligations.

12.2 Request for Information: Upon the Company's reasonable request or where the Company is required by the tax authority and/or any other authority of any relevant jurisdiction, the Client shall sign and file any form, certificate or document and provide such necessary information and assistance (including that which is related to the Common Reporting Standard) as the Company may require.

(b) Tax information sharing arrangements, which means any local or foreign laws, regulations and rules including, without limitation, the obligations under FATCA and associated rules and regulations and other international exchange arrangements affecting the Company.

12.4 Indemnity: Without limiting any other indemnity provided by the Client, the Client shall indemnify the Company, its Affiliates and agents on demand against any liability, reasonable loss or expense (including taxes and levies) arising from the Client's Instructions, the Accounts or the Company's provision of services to the Client, including as a result of any failure by the Client to comply with this Clause 12.

13.4 Independence: Unless otherwise stated in the Agreement or by the Company, the Company is an independent intermediary because: (a) it does not receive fees, commissions, or other Monetary Benefits, provided by any party in relation to its distribution of any Investment Products to the Client; and (b) it does not have any close links or other legal or economic relationships with product issuers, or receive any non-monetary benefits from any party, which are likely to impair its independence to favour any particular Investment Product, any class of Investment Products or any product issuer.

14. Electronic Services

14.1 Electronic Services: The Company may, from time to time and at its sole discretion, provide to the Client certain Electronic Services. This Clause 14 shall apply.

14.2 Correct Entry and Reliance: The Client agrees that the Company is entitled to rely on the correct entry of the Login Identifiers and Passwords in order to ascertain whether any Instruction given to the Company is that of the Client's and to act on that assumption. 14.10 Risks: The Client understands and acknowledges that the Internet and communications over the Internet may not be secure, and that connecting to the Internet provides the opportunity for unauthorized access to computer systems, networks, and all data stored therein. The information and data transmitted through the Internet or stored on any equipment through which Internet information is transmitted may not remain confidential, and the Company makes no representation or warranty regarding privacy, security, authenticity, non-corruption or destruction of any such information. Use of any information transmitted or obtained over the Internet is at the Client's own risk, and the Company shall not be responsible to the Client for any adverse consequence or loss whatsoever from use of the Internet.

14.11 Use of the Internet: In the Client's use of the Company's software, the Client shall comply with all applicable laws, including, without limitation, laws governing the protection of personally identifiable information and other laws applicable to the protection of client data and will ensure that the services provided by the Company are used in conformity with all applicable laws and regulations and third-party rights. The Client shall upon the request of the Company and at the Client's cost and expense execute all transfers and do all things necessary for vesting the legal title in such money, Investment Products and property to the Company or any other person as the Company may specify.

15.2 No Encumbrance: The Client shall not, without the Company's prior written consent, assign, transfer, mortgage, pledge, charge, or create or permit to arise or exist any lien or other Encumbrances of any nature, or grant or purport to grant an option, on or over its right, title, interest and claim in or to any money, Investment Products and/or other property held by the Company for the account of the Client.

16. Charge

16.1 Charge: In consideration of the Company's provision of services to the Client, the Client, as beneficial owner, hereby charges by way of first fixed charge all its rights, title, benefits, claims and interests, both present and future, in and to all of the Charged Assets, as a continuing security for the due and punctual payment and satisfaction of all the Liabilities and performance of all other obligations of the Client from time to time. If and insofar as the security created shall be ineffective as a first fixed charge for any reason, such security shall take effect as a first floating charge. Any floating charge created by this Clause 16.1 shall (in addition to and without prejudice to the circumstances in which the same shall occur under general law) automatically be converted into a specific fixed charge upon the occurrence of any Event of Default. Without prejudice to the aforesaid, the Company may at any time and from time to time by notice in writing

to the Client, convert any floating charge into a specific fixed charge as regards the whole or any part of the Charged Assets specified in such notice.

16.2 No Liability: The Company and the Company's nominee shall not be in any way responsible for any loss occasioned by any action taken for the purposes of enforcing the Collateral, howsoever such loss may have been caused or arisen, or whether or not a better price could or might have been obtained on such action, or whether such loss may be reduced or avoided by either deferring or advancing the date of taking such action.

16.3 Loss and Accountability: In appropriating, selling or disposing of the Charged Assets or any part thereof, the Company do so at the then current market price to any Affiliate, and without being: (a) in any way responsible for any loss occasioned thereby howsoever arising; and (b) accountable for any profit made by the Company or any of its nominees or Affiliates, and the same shall not be treated as an absolute appropriation of or foreclosure on the Charged Assets to the exclusion of the Client and in extinguishment of its interests therein, unless the Company shall otherwise notify the Client (whether before or after the relevant appropriation or foreclosure has been effected), in which event any such appropriation or foreclosure shall be treated as a sale of the Charged Assets at a fair market value and the Liabilities shall be reduced by an amount equivalent to the proceeds of such sale.

16.4 Continuing Security: The Collateral shall be a continuing security notwithstanding any intermediate payment or settlement of account or satisfaction of the whole or any part of the Liabilities and notwithstanding the closing of any of the Accounts and which are subsequently reopened or the subsequent opening of any Account by the Client either alone or jointly with others. Without prejudice to the foregoing, the Collateral shall subsist and continue to have full force and effect notwithstanding the termination of the Agreement until the Client has fully discharged all the Liabilities.

16.5 Rights Additional: The charge created in Clause 16.1 (Charge) shall be in addition to and shall not affect or be affected by any other security, guarantee or indemnity which the Company may now or in the future hold or take in respect of the Liabilities and may be enforced by the Company without prior recourse to any such other security, guarantee or indemnity.

16.6 Suspense Account: Any monies realised pursuant to the Collateral may be placed and kept to the credit of a suspense account opened by the Company for so long as the Company or its nominee may in its absolute discretion determine without any obligation in the meantime to apply the same or any part thereof in or towards discharge of the Liabilities.

16.7 Dissolution to have no Effect: The Collateral shall not be discharged by any amendment or variation to the Agreement or by the dissolution or insolvency of the Client. Where the Client is a firm and there is a dissolution, the Collateral shall apply to all indebtedness incurred in the firm's name to the Company until receipt of actual notice of dissolution and, if the dissolution is by reason only of the introduction of one or more partners, the Collateral shall continue and, shall apply to the firm constituted with new partners as if there had been no change in the firm.

16.8 Client's Covenants: The Client covenants with the Company that:

- (a) it will not create or permit to subsist any Encumbrance (other than any Encumbrance arising by operation of law) over or dispose of any Charged Assets or any Account, other than as provided for in the Agreement;
- (b) the Client shall deposit with the Company, or to its order, all certificates, instruments and evidence of title to the Charged Assets, together, where appropriate, with all such necessary forms of transfer as the Company may from time to time require;
- (c) the Client shall execute and deliver such further assignments, charges, authorities and other documents as the Company may from time to time require for perfecting its title to or for vesting or enabling the Company to vest the full benefit of the Charged Assets in its favour;

(d) the Client shall not withdraw or attempt to withdraw all or any part of the Charged Assets without the prior consent of the Company; and

(e) the Client shall not take or omit to take any action which might prejudice the effectiveness of the Collateral.

16.9 No Restrictions: No restrictions imposed by any Applicable Regulations on any immediate or other power of sale, application of proceeds or on any other right or on the consolidation of mortgages or other Encumbrances shall apply to the Collateral, the Company or to any other security given by the Client to the Company.

16.10 Power of Attorney: The Client, by way of security, irrevocably appoints the Company and any of its delegates or sub-delegates severally to be the Client's true and lawful attorney (with full power to appoint substitutes and to sub-delegate including power to authorise the person so appointed to make further appointments with regard to the Collateral) on behalf and in the name of the Client or otherwise, to execute, seal, deliver, exercise and otherwise perfect and do all such agreements, acts and things which: (a) the Client could itself do in relation to the Collateral; (b) the Client is or may become obliged to do under the Collateral; and/or (c) otherwise may in the Company's opinion be required or deemed proper or desirable for or in connection with the full exercise of all or any of the rights conferred by the Collateral and its rights to give full force and effect to the terms of the Collateral. This power of attorney is coupled with an interest and is irrevocable and shall remain irrevocable as long as any of the Liabilities remains outstanding. The Client ratifies and confirms and agrees to ratify and confirm any agreement, act or thing which any attorney (or any substitute or sub-delegate) appointed under this Clause 16.10 may lawfully execute, seal, deliver, exercise or do.

16.11 No Avoidance: Any release, discharge or settlement of the Collateral shall be conditional upon no security, disposition, payment or discharge in respect of the Liabilities by the Client or any other person being avoided, reduced, ordered to be refunded or repaid for any reason and, if such conditions are not fulfilled, the Company shall be entitled to enforce the Collateral as if such release, discharge or settlement had not occurred.

16.12 Reinstatement: If the Company considers that an amount paid by the Client or any other person is capable of being avoided or otherwise set aside (on the liquidation of the Client or otherwise), then that amount shall not be considered to have been paid. Furthermore, the Company may at its sole discretion concede or compromise any claim that any payment, security or other disposition is liable to be avoided, reduced or repaid.

16.13 Good Title: The Client represents and warrants that the Charged Assets are beneficially owned by the Client, that the Client has good right and title to deposit the Investment Products with the Company or its Affiliates, that the same are and will remain free from any lien, charge or Encumbrance of any kind and are not nor shall they be subject to any option and any stocks, shares and other Investment Products comprised in the Collateral are and will be fully paid up.

16.14 Exercise of Rights: Until the Company enforces any of its rights under any Collateral, (i) the Company shall have the right, subject only to giving the Client notice, to exercise voting rights and other rights relating to the Charged Assets to protect the value of the Charged Assets; and (ii) except as otherwise provided in these Terms, the Client may direct the exercise of other rights attaching to, or connected with, the Charged Assets, but not in any manner which is inconsistent with the Client's obligations under the Agreement, or which in any way may prejudice the Company's rights in relation to the Collateral.

16.15 Protection of Collateral: In the event that any action or proceeding is commenced or any claim or demand is made by any person against the Client in connection with any matter contained in the Agreement or all or any part of the Collateral or against the Company in connection with any matter contained in the Agreement or all or any part of the Collateral, the Company shall be entitled to take such reasonable steps as it may deem necessary or advisable including the withholding of payment or delivery to the Client of all

or any part of any monies forming part of the Collateral and the cancellation or non-compliance with any orders or Instructions which the Client may have given or may give regarding all or any part of the Collateral. Nothing in this Clause 16.15 shall be construed as an obligation on the part of the Company to take any steps in connection with any action, proceedings, claim or demand associated with the Agreement or Collateral.

16.16 Dividends: Any dividends, distributions, interests, monies, entitlements forming all or part of the Collateral which may be received by the Client shall be held by the Client in trust for the Company and shall be paid over to the Company on demand.

16.17 No Waiver and Invalidity: The Collateral shall not be affected by any failure by the Company to take any security or by the invalidity, illegality or unenforceability of any security taken by the Company or by any existing or future agreement by the Company as to the application of any advances made or to be made to the Client or its Affiliate.

16.18 Extension: Should any purported obligation or liability of the Client or its Affiliate under the Agreement or any other agreement which, if valid or enforceable, would be secured by the charge created in Clause 16.1 (Charge), be or become wholly or in part invalid or unenforceable against the Client or its Affiliate on any ground whatsoever, including any defect in or insufficiency or want of powers of the Client, or irregular or improper purported exercise of power, or breach or want of authority by any person purporting to act on behalf of the Client or its Affiliate, or any legal limitation (whether under the Limitation Ordinance (Cap. 347 of the laws of Hong Kong) or otherwise) or other incapacity, or any other fact or circumstances, whether or not known to the Company, or if for any other reason whatsoever the Client or its Affiliate is not or ceases to be legally liable to discharge any obligation or liability undertake or purported to be undertaken in the Agreement or any other agreement, the charge created in Clause 16.1 (Charge) shall nevertheless extend to secure that obligation or liability or purported obligation or liability as if the same were wholly valid and enforceable.

16.19 Restructuring of Client: No change in the constitution of the Client nor of the persons or other entities for whose liabilities the Collateral may at any time stand as security shall affect the validity of or discharge the Collateral. If the Client or its Affiliate is a partnership, and in the event of the dissolution of the firm, the Collateral shall apply to secure all the indebtedness and liabilities to the Company incurred by the firm or in the firm's name until receipt by the Company of actual notice of dissolution. If, however, the dissolution is by reason only of the introduction of a partner or a further partner or partners into the firm, the Collateral shall continue and, in addition to the debts and liabilities of the old firm, the definition of "Liabilities" shall apply to all monies and liabilities due or incurred from or by the new firm or firms thereby constituted as though there had been no change in the firm as previously constituted.

16.20 Collateral Not Effected: Without prejudice to the generality of the foregoing, neither the Collateral nor the amounts thereby secured will be affected in any way by:-

- (a) any other security, guarantee or indemnity now or hereafter held by the Company or its Affiliates under or in respect of the Agreement or any other liabilities;
- (b) any other variation or amendment to or waiver or release of any security, guarantee or indemnity or other document;

- (e) the making or absence of any demand for payment of any sum payable under the Agreement made on the Client whether by the Company or any other person;

- (f) the insolvency, bankruptcy, death or insanity of the Client;
- (g) any amalgamation, merger or reconstruction that may be effected by the Company with any other person or any sale or transfer of the whole or any part of the undertaking, property or assets of the Company to any other person;
- (h) the existence of any claim, set-off or other right which the Client may have at any time against the Company or any other person;
- (i) any arrangement or compromise entered into by the Company with the Client or any other person;
- (j) the illegality, invalidity or unenforceability of, or any defect in, any provision of the Agreement or any security, guarantee or indemnity (including the charge created in Clause 16.1 (Charge)) or any of the rights or obligations of any of the parties under or in connection with the Agreement or any security, guarantee or indemnity (including the charge created in Clause 16.1 (Charge)), whether on the ground of ultra vires, not being in the interests of the relevant person or not having been duly authorised, executed or delivered by any person or for any other reason whatsoever;
- (k) any agreement, security, guarantee, indemnity, payment or other transaction which is capable of being avoided under or affected by any law relating to bankruptcy, insolvency or winding-up or any release, settlement or discharge given or made by the Client on the good faith of any such agreement, security, guarantee, indemnity, payment or other transaction, and any such release, settlement or discharge shall be deemed to be limited accordingly; or
- (l) any other thing done or omitted or neglected to be done by the Company or any other person or any other dealing, fact, matter or thing which, but for this provision, might operate to prejudice or affect the Client's liabilities under the Agreement.

3.6 Continuing Security: The Margin shall form part of the Collateral as a continuing security in favour of the Company for the payment and satisfaction of all Liabilities due or owing by the Client to the Company under the SMF Facilities or otherwise.

4. Operation of SMF Facilities

4.1 Collateral: For the avoidance of doubt, where the Company grants any SMF Facilities to the Client, the Collateral shall (without the need for any other documentation signed by the Client) also secure Liabilities arising from or in connection with such SMF Facilities.

5.3 Repledging: The Client acknowledges and agrees that the Company may repledge the Margin to any other person as collateral for financial accommodation provided to the Company by such other person upon obtaining the written authorization from the Client.

5.4 Third Party Lien: If the Margin is lent to or deposited with third parties, those third parties will have a lien or charge on the Margin. Although the Company is responsible to the Client for such Margin lent or deposited under the Client's authority, a default by the third party could result in the loss of such Margin.

5.5 Margin Account vs Securities Account: A Securities Account, in contrast to a Margin Account, does not involve SMF Facilities. If the Client does not require SMF Facilities or does not wish for the Margin to be lent or repledged by the Company, the Client should not sign the relevant standing authorities and should not ask the Company to open a Margin Account. If the Client refuses to provide the relevant standing authorities or such authorization lapses, the Company will not open Margin Account for you or cancel your previous Margin Account (as the case may be).

3.2 Not Investment Advisor: Unless otherwise appointed as such in writing, the Company and its nominee is not the investment adviser of the Client with respect to any Offer or Application and shall not be responsible for any loss which the Client may suffer as a result of any Application made. The Client confirms that each Application is made by the Client on its own judgment and at its sole risk.

3.3 No Representations: The Company and its nominee makes no undertakings, warranties or representations as to the result of the allotment of the Offer Securities in any Offer and in any event the Company and its nominee shall not be responsible for the result of the allotment or any rejection in full or in part of any Application for any reason.

4. Notification and Approval

4.1 Approval of Applications: The Issuer shall be solely responsible for approving or disapproving Applications and for announcing the results of allocation of the Offer Securities. The specific arrangements with regard to the announcement of results may differ from one Offer to another and the Client shall be responsible for ascertaining details of such arrangements by reviewing the relevant prospectus. The Company or its nominee will notify the Client of the results of its Application in such manner as the Company may consider appropriate.

4.2 Disposal of Allotted Securities: Unless the Company or its nominee receives notice from the Client to the contrary and payment of all amounts owing by the Client to the Company or its nominee in connection with any Application (within such time as the Company or its nominee may specify in their notification of allotment to the Client (without prejudice to their right of repayment on demand or any other rights or remedies)), the Company and its nominee is authorized but not obliged, without notice to or consent from the Client, to sell or otherwise dispose of any and all Allotted Securities in such manner and for such price or prices, free from any restrictions and claims and without being responsible for any loss, as they may think fit and apply the proceeds of such sale or disposal towards discharging any Liabilities in such order of priority as they may consider appropriate, including the costs incurred in connection with the sale or disposal of the Allotted Securities and all other costs incurred by the Company and its nominee in connection with the Application, the Handling Fee, interest payable by the Client on the IPO Loan, outstanding principal amount of the IPO Loan, and the Application Amount, and the remaining amount (if any) shall be paid to the Client or to the Client's order. In the event of any Deficit after applying the proceeds of sale or disposal of the Allotted Securities, the Client shall make good and pay on demand to the Company or its nominee such Deficit.

4.3 Payment and Release: If the Client gives any notice to the Company or its nominee pursuant to Clause 4.2 of this Appendix, the Client shall pay to the Company or its nominee at the time of giving such notice or otherwise on demand all amounts owing by the Client to the Company or its nominee in connection with the relevant Application (including all fees, charges and expenses specified by any Relevant Person). The Company is not obliged to release or procure its nominee to release to the Client the certificates relating to the Allotted Securities, or to procure the Allotted Securities to be credited to the Client's specified account, unless and until all amounts owing by the Client to the Company and its nominee have been received in full by them to their satisfaction.

5. Refunds

5.1 Unsuccessful Application: If an Application is submitted but is wholly or partly unsuccessful, the Company or its nominee will arrange for refund of the Application Amount (or the applicable balance as the case may be) on the refund date as announced by the Issuer in the same manner described in this Clause subject to Clauses 5.4 and 7 of this Appendix II.

5.2 Lower Offer Price: In the event that the offer price of the Offer Securities (as finally determined by the Issuer) is less than the Application Amount initially paid by the Client, the Company or its nominee will arrange to refund the surplus of the Application Amount to the Client in accordance with the terms and conditions of the relevant Offer subject to Clauses 5.4 and 7 of this Appendix II.

5.3 Fees: All Handling Fees and all other fees in connection with an Application are not refundable, even where the listing of the relevant Issuer is delayed or cancelled.

5.4 Financing Fees: Where the Company has made available a IPO Loan to the Client in connection with the Application, the Client irrevocably agrees and confirms that the Company or its nominee (as the case may be) is authorized to apply any refund amount towards the settlement of any amount owing by the Client to the Company in the manner specified in Clause 4.2 of this Appendix II.

6. Client's Undertakings and Responsibilities

6.1 Not Prohibited: The Client warrants to and for the benefit of the Company and any of its nominees that the Client is not a person prohibited by any Relevant Person or any Applicable Regulations from making the Application(s) or from owning the Offer Securities and that the Client makes each Application as principal and not on behalf of any person subject to such prohibition or any other person.

6.2 Offering Documents: With respect to each Application, the Client understands, and shall accept and comply with all the terms and conditions governing the relevant Offer as set out in the relevant application form, prospectus and/or offering document and any other relevant document in respect of such Offer. The Client agrees to be bound by such terms and conditions in respect of each Offer for which the Company or its nominees makes an Application. The Client shall make the investment decision based on the prospectus and other offering documents in respect of the relevant Offer. The Company has no obligation to provide such prospectus and other offering documents to the Client.

6.3 Multiple Applications: The Client represents and warrants to the Company and its nominee that in respect of any Application (a) (where multiple Applications for subscription of Offer Securities are not permitted) the Client has not made and will not make, and has not procured and will not procure, more than one Application for subscription of Offer Securities whether for its own account or for the account of any other person, and (b) the Client has not been placed (whether for its own benefit or for the benefit of any other person) with any shares or warrants or interests which are of the same class or type as those applied for in the Application. The Client acknowledges that any breach by the Client of or any inaccuracy of the representation and warranty set out in this Clause may result in, in addition to the rejection of the Application, the rejection of other applications submitted by the Company or its nominee on their own behalf or on behalf of their other clients. The Client shall indemnify the Company and its nominee on demand for all losses resulting from such breach or inaccuracy. The Client acknowledges and accepts that the representation and warranty set out in this Clause will be relied upon by the Company, its nominee and the Relevant Persons in respect of the relevant Application.

6.4 General Representations: With respect to each Application, the Client represents and warrants to the Company and its nominee that: (a) the Client is an independent third party and is not connected with or acting in concert with any directors, chief executive, substantial shareholders of the Issuer and/or any of their respective subsidiaries or an Associate of any of them, as such terms are defined in the Rules Governing the Listing of Securities on the SEHK. Further, the Client's subscription is not directly or indirectly financed or backed by any such persons; (b) the Client does not hold any interests in the Issuer prior to the subscription of the Offer Securities; and (c) the Client is not a U.S. Person and the Client's subscription would not require the Issuer and/or the Company or its nominee to comply with any requirements under any law or regulation of any territory outside Hong Kong.

6.5 Additional Representations: In addition to the other representations, warranties and undertakings given or to be given by the Client to the Company or its nominee in connection with each Application, the Client gives the Company and its nominee all the representations, warranties and undertakings which an applicant for Offer Securities in respect of an Offer is required to give (whether to any or all of the Relevant Persons).

6.6 Further Assurance: The Client recognizes and understands that the legal and regulatory requirements and market practice in respect of each Offer or Application may vary from time to time. The Client undertakes to provide to the Company and its nominee such information, make such disclosure, take such steps and give such representations, warranties and undertakings as may be required of the Client in accordance with such legal and regulatory requirements and market practice as the Company or its nominee may determine from time to time. The Client shall also comply with such requirements and practice.

6.7 Company's Representations: Where the Company or its nominee, as the case may be, is required, in respect of any Offer or Application, to give any undertakings, representations and warranties to any one or more of the Relevant Persons with respect to the Client or any other matters, the Company and its nominee is authorized by the Client to give such undertakings, representations and warranties in reliance solely upon any corresponding undertakings, representations and warranties given by the Client to the Company or its nominee. The Client shall be bound by all applicable announcements made by any Relevant Person and all Applicable Regulations governing each Offer and Application and the issue of the Allotted Securities.

6.8 Company to Act on Behalf of Client: Without prejudice to Clause 2.8 of the Terms, the Client authorizes the Company and its nominee to execute all documents and to do all things necessary on behalf of the Client for the purposes of making any Application. The Client accepts all things done by the Company and/or its nominee, as agent on behalf of the Client in connection with each Application. The Client shall accept the Offer Securities applied for in each Application or any lesser quantity allocated to the Company or its nominee, as agent on behalf of the Client, pursuant to each Application. The Client indemnifies the Company and its nominee against any loss or claim suffered or incurred by any of them in connection with each Application.

6.9 Disclosure: The Client authorizes the Company and its nominee to disclose to any Relevant Person all information relating to the Client and the relevant Application if disclosure is required by Applicable Regulations or is requested or required in connection with the relevant Offer or Application.

7. IPO Financing

7.1 IPO Financing: The Client may apply to and request that the Company make available to the Client IPO Loan(s) for Application(s) from time to time subject to this Appendix II and subject to agreement on the following items by the Client and the Company in respect of the relevant Application: (a) the principal amount of the IPO Loan; (b) the interest rate; (c) stamp duty and all other fees and charges; and (d) the Handling Fee.

7.2 Company's Absolute Discretion: The provision and drawdown of any IPO Loan are at the Company's sole discretion and subject to the Agreement. The Company may at any time refuse to make available the IPO Loan without giving any reason.

7.3 Margin: In the event that the Client pays any amount to the Company by way of margin for the Application, the Company may pay such amount into the relevant Account of the Client and may apply such amount towards satisfaction of the Application Amount payable on acceptance of the Application. The Client agrees that any such margin actually received by the Company shall be applied towards satisfaction of the Application Amount before any amount of the IPO Loan is so applied.

7.4 Fees and Expenses: The Client will pay to the Company on demand the IPO Loan, interest thereon, the Handling Fee, all fees, charges and costs in connection with the IPO Loan.

7.5 Purpose of the IPO Loan: The IPO Loan shall be used by the Client exclusively for the purpose of making the relevant Application. Notwithstanding that the Application is made by the Company or its nominee, as agent on behalf of the Client, the Client shall have no right, title, interest or claim of whatever nature in or to any amount of the IPO Loan or to use the IPO Loan for any purpose other than making the relevant Application.

7.6 Drawdown: If the Company makes available a IPO Loan to the Client, the Company will credit the IPO Loan amount to the relevant Account. Where any Application is to be made by the Company's nominee, the Company's nominee shall hold the amount of the relevant IPO Loan on trust for the Company at all times pending payment to or to the order of the Issuer.

7.7 Repayment: The IPO Loan shall be repaid, together with all interest accrued thereon and any other amounts outstanding in full on the refund date as specified in the relevant placing and public offer documents.

7.8 Early Repayment: Unless otherwise agreed by the Company, the Client shall have no right to repay the IPO Loan and any other related liabilities, in part or in full, prior to the refund date as specified in the relevant placing and public offer documents.

7.9 Overriding Right: notwithstanding any other provisions in this Appendix II, the Company has the overriding right at any time to demand immediate repayment of any outstanding amount of any IPO Loan and to cancel any IPO Loan.

7.10 Charge: In consideration of the Company making available a IPO Loan to the Client and upon the allotment and issuance to the Company its nominee, as agent on behalf of the Client, of the Allotted Securities pursuant to the relevant Application, the Client as beneficial owner hereby charges (by way of first fixed charge), assigns, mortgages and/or pledges and agrees to charge, assign, mortgage and/or pledge to the Company all the Client's rights, title and interest in and to the Allotted Securities as a continuing security for the payment of all amounts payable by the Client to the Company or its nominee in connection with the IPO Loan and the Application and the performance of any other obligation of the Client to the Company or its nominee. The security created by this charge shall extend to and cover any and all dividends, warrants, shares, stocks, rights, benefits, interest, distributions, accretions and other money and property accruing or offered at any time by way of substitution, redemption, bonus, preference, option or otherwise in respect of the Allotted Securities.

7.11 Further Charge to Third Parties: The Company is authorized by the Client to charge, pledge or otherwise grant a security interest of any nature over any and all Allotted Securities, subject to the security constituted by Clause 7.10 of this Appendix II, in favour of any third party as security for any credit facilities made by it to the Company to finance the Company's funding of all or part of the IPO Loan.

7.12 Further Security: In consideration of the Company making available a IPO Loan to the Client, the Client as beneficial owner charges, assigns, mortgages and pledges and agrees to charge, assign, mortgage and pledge to the Company by way of first fixed charge and release to the Company all the Client's rights, title and interest in and to all sums from time to time standing to the credit of each Account maintained by the Client with the Company (including any renewal or re-designation thereof) as a continuing security for the payment of all amounts payable by the Client to the Company and its nominee in connection with the IPO Loan and the Application.

7.13 Nature of Security: Each security constituted by Clauses 7.10 and 7.12 of this Appendix II is a continuing security and secures the ultimate balance of all indebtedness from time to time owing by the Client to the Company notwithstanding any intermediate repayment or satisfaction of all or any of such indebtedness. Each security is in addition to, shall not be affected by and may be enforced despite the existence of any other security held by the Company. Any restriction on the right of consolidating security interests shall not apply to any security constituted by Clause 7.10 or 7.12 of this Appendix II.

7.14 Further Assurance: The Client shall at its own cost and expense execute and sign all transfer documents, power of attorney, proxies and/or other documents and do all acts and things which the Company or its nominee may require for perfecting the Company or its nominee's title to the Allotted Securities or any of them and/or for vesting or enabling the Company or its nominee to vest such Allotted Securities in the Company's name or in the name of the Company's nominee and/or any purchaser, or otherwise for the purpose of obtaining, presenting and enforcing the full benefit of the Collateral and/or rights and remedies conferred on the Company by this Appendix II. The Company and its nominee shall be entitled to exercise all rights and powers that are conferred upon the Company or its nominee by this Appendix II including the right to sell the Allotted Securities.

7.15 Application of Payments: Any monies paid to the Company or its nominee in respect of any IPO Loan or Application may be applied in or towards satisfaction of the same or placed to the credit of such account as the Company or its nominee may determine with a view to preserving its rights to prove for the full amount of indebtedness of the Client.

The Client shall not, whether alone or in concert with others, violate the position or exercise limits of which such Exchange, Market and Clearing House may establish from time to time. All actions taken by the Company or such Exchange, Market or Clearing House shall be binding on the Client.

2.2 Compliance with Law: The Client shall abide by all Applicable Regulations of the relevant Exchange, Market and Clearing House regarding all option trading.

2.3 Trading Restrictions: An Exchange or any other relevant regulatory authority, government agency or professional body may in its discretion and from time to time restrict trading/transactions in particular options or exercise of options in the interests of helping maintain a fair and orderly market in option contracts and/or in the underlying Securities for the protection of investors.

2.4 Restrictions on Abandonment/Exercise: Notwithstanding anything to the contrary, the Company may, at its sole discretion, restrict the Client's right to abandon/give-up or exercise an option. In particular: (a) in respect of any SEHK Options Contract, the Client cannot exercise the option before its Expiry Date or abandon such option unless an Instruction to such effect is given by the Client in writing and accepted by the Company; and (b) in respect of any option contract other than an SEHK Options Contract, the Client cannot abandon the option unless an Instruction to such effect is given by the Client in writing and accepted by the Company.

2.5 Cut-off Times: The relevant Exchanges, Markets and Clearing Houses have established cut-off times for delivering exercise Instructions which shall be binding on the Client.

2.6 Confidentiality: The Company will keep information relating to the Account confidential, but may provide any such information to the parties concerned according to the Company's Privacy Policy and Personal Information Collection Statement and/or other applicable clauses of the Agreement and/or to the SFC, the SEHK, the HKEx and any Exchange or any other relevant regulatory authority to comply with their requirements or requests for information.

2.7 Limits: The Company may place limits on the open positions or delivery obligations that the Client may have at any time.

3. Options Trading

3.1 Client's Benefit: The Client confirms that (i) the Account is operated solely for the Client's account and benefit, and not for the benefit of any other person; or (ii) the Client has disclosed to the Company in writing the name of the person(s) for whose benefit the Account is being operated; or (iii) (where applicable) in respect of SEHK Traded Options Business, the Client has requested the Company to operate the Account as an SEHK Omnibus Account, and will immediately notify the Company, on request, of the identity of any person(s) ultimately beneficially interested in the SEHK Options Contracts.

3.2 Execution: Subject to the cut-off times prescribed by the Company and Clause 2.4 of this Appendix III: exercise instructions may be accepted for same day execution on Business Days within the trading hours set by the Exchange where the option trading is executed;

and on the Business Day preceding the Expiry Date for any particular option contract, the Company will accept exercise instructions in accordance with the trading hours set by the Exchange where the option trading is executed.

3.3 No Notice of Expiration: The Company is not obliged to give the Client prior notice of an option's Expiry Date, and the Client has the sole responsibility of taking action to exercise an option. The Client shall be aware of the trading hours and any non-trading day in place where the option is executed, so to ensure the option can be exercised in a timely manner. Where the Client does not provide the Company with any exercise instructions by the prescribed time set by the relevant institutions and Exchanges (which the Company is not obliged to notify), the Client shall waive and release the Company, its officers, employees and agents from any and all claims of damage and loss suffered by the Client as a result of any option not being exercised.

3.4 Underlying Securities: The Company is under no obligation to convey to the Client any information relating to the underlying Securities covered by the option or any Securities related thereto, or any information relating to the options, whether such information is then or thereafter known or available. It is the sole responsibility of the Client to exercise, in a proper and timely manner, any right, privilege or obligation of any put option or call option of the Client.

3.5 Options in the Margin Account: In the case of an option sold or written by the Client in the Margin Account: (a) with respect to a call option which if exercised against the Client will require delivery of Securities sold, the Client shall keep such Securities in the Margin Account until the expiration of the option period, and shall not sell or withdraw such Securities. If the option is exercised, the Company may deliver such Securities to the purchaser without prior notice to the Client; and (b) with respect to any put option which if exercised against the Client will require payment for Securities purchased, the Client shall keep in the Margin Account sufficient funds for such payment until the expiration of the option period, and shall not withdraw such funds or utilize them for any other purpose. If the option is exercised, the Company may use such funds for the purchase of such Securities without prior notice to the Client.

3.6 Company's Own Account: The Company and its Affiliates may trade in options and the Securities underlying such options for its own account. Such trading may be conducted continuously on a daily basis, and may occur prior to, contemporaneously with, or subsequent to any option transaction effected for the Client's Account. In such trading, the Company and its Affiliates may take option positions or their underlying Securities which may be similar to or differ from (a) the positions which the Client may have in the Account or (b) Transactions which the Company and its Affiliates may recommend to the Client or (c) Transactions which the Company and its Affiliates may effect for the Client. The Client understands that such trading may adversely affect the Client's interests.

3.7 Long Options and Expiration: If the Client exercises a long option contract, the Client agrees to pay the full aggregate exercise price provided for by the option contract. Long options of the Client may expire and become worthless if the Client does not deliver the relevant Instructions by their corresponding exercise cut-off time, provided that each in-the-money long option will be automatically exercised at the expiry time on its Expiry Date. Therefore, if the Client does not wish for any such in-the-money open long option to be exercised, the Client must close its open position in respect of such option contract before the expiry time.

3.8 Exercise Assignment Notices: The Company shall allocate exercise assignment notices for option contracts on a fair basis.

3.9 Obligations under the Options Contract: The client shall make each payment and delivery in accordance with each option contract to which it is a party, and perform all its obligations thereunder. The amounts required by way of Margin should not be less than, but may exceed, the amounts as may be required by Applicable Regulations (in particular, the Rules in respect of the Client's open positions and delivery obligations), and further Margin may be required to reflect changes in market value. In particular: (a) (where applicable) where the Client's SEHK Options Contract is in-the-money or close to being in-the money (as determined by the Company in its sole discretion) the Company will, from time to time and without further notifying the Client, recalculate the Margin required (in anticipation of the exercise or automatic exercise of the SEHK Options Contract) and make further demands for Margin where necessary; and (b) where the client's option (other than an SEHK Options Contract) is in-the-money or close to being in-the-money (as determined by the Company in its sole discretion), the Company will, from time to time and without further notifying the Client, recalculate the Margin required (in anticipation of the exercise or automatic exercise of the option) and make further demands for Margin where necessary.

5. Premium and Commission

In respect of all option contracts effected on the Client's Instructions, the Client will pay the Company, within the time period notified by the Company, Premium, the Company's commission and any other charges, and applicable levies imposed by the SEHK or the relevant Exchange, Market or Clearing House, as have been notified to the Client; and the Company may deduct such Premium, commissions, charges and levies from any Account.

(b) the Company may be required to close out or give-up SEHK Client Contracts to comply with position limits imposed by SEHK; and (c) if the Company goes into default, the default procedures of SEHK may result in SEHK Client Contracts being closed out or given-up, or replaced by SEHK Client Contracts between the Client and another Options Exchange Participant (as defined in the SEHK Options Trading Rules).

6.5 Change to Issuer: Where there is a change in the capital structure or composition of the issuer of the underlying Securities of an option class or in any other exceptional circumstances, SEOCH may make adjustments to the terms and conditions of that option class as are, in its opinion, necessary and desirable to ensure that all parties to SEHK Contracts comprised in open positions in that option class are treated fairly. All such adjustments shall be binding on the Client.

The Client may instruct the Company to override such “automatically generated exercise instruction” before the System Closure on the expiry day in accordance with the Operational Clearing Procedures of SEOCH and the terms of this Appendix III. If the Client does not wish for any such in-the-money long option to be exercised on the Expiry Date, the Client must close its open position in respect of such long option before the expiry time on the Expiry Date.

17.3 Amendment: We reserve the right to vary any of the terms of these China Connect Terms by written notice to you in accordance with Clause 36.2 (Amendments) of the Terms.

17.4 Investor Compensation Fund: You should note that both SSE and SZSE trading under China Connect will not be covered by Hong Kong's Investor Compensation Fund. As Hong Kong investors are not carrying out SSE and/or SZSE trading through Mainland brokers, they are not protected by China Securities Investor Protection Fund on the Mainland.

18. Processing of Personal Data as part of the Stock Connect Northbound Trading

18.1 BCAN/CID: You acknowledge and agree that in providing LBHK Stock Connect Northbound Trading Services ("**Stock Connect Northbound Trading Services**") to you, we will be required to: (a) tag each of your orders submitted to the CSC with Broker-to-Client Assigned Number ("**BCAN**") that is unique to you (where your Account is not a joint account) or the BCAN that is assigned to your joint account, as the case may be; and (b) provide to SEHK your assigned BCAN and such Client Identification Data ("**CID**") relating to you as the SEHK may request from time to time.

18.2 Personal Data: Notwithstanding anything to the contrary, you acknowledge and agree that the Company may collect, store, use, disclose and transfer personal data relating to you as follows:

- (a) to disclose and transfer your BCAN and CID to SEHK and the relevant SEHK Subsidiaries from time to time, including by indicating your BCAN when inputting a China Connect Order into the CSC, which will be further routed to the relevant China Connect Market Operator on a real-time basis;
- (b) to allow each of the SEHK and the relevant SEHK Subsidiaries to:
 - (i) collect, use and store your BCAN, CID and any consolidated, validated and mapped BCANs and CID information provided by the relevant China Connect Clearing House (in the case of storage, by any of them or via HKEx) for market surveillance and monitoring purposes and enforcement of the Rules of the SEHK;
 - (ii) transfer such information to the relevant China Connect Market Operator (directly or through the relevant China Connect Clearing House) from time to time for the purposes set out in paragraphs (c) and (d) below; and
 - (iii) disclose such information to the relevant regulators and law enforcement agencies in Hong Kong so as to facilitate the performance of their statutory functions with respect to the Hong Kong financial markets;
- (c) to allow the relevant China Connect Clearing House to:
 - (i) collect, use and store your BCAN and CID to facilitate the consolidation and validation of BCANs and CID and the mapping of BCANs and CID with its investor identification database, and provide such consolidated, validated and mapped BCANs and CID information to the relevant China Connect Market Operator, the SEHK and the relevant SEHK Subsidiary;
 - (ii) use your BCAN and CID for the performance of its regulatory functions of Account management; and

- (iii) disclose such information to the Mainland regulatory authorities and law enforcement agencies having jurisdiction over it so as to facilitate the performance of their regulatory, surveillance and enforcement functions with respect to the Mainland financial markets; and
- (d) to allow the relevant China Connect Market Operator to:
 - (i) collect, use and store your BCAN and CID to facilitate their surveillance and monitoring of securities trading on the relevant China Connect Market through the use of the China Connect Service and enforcement of the rules of the relevant China Connect Market Operator; and
 - (ii) disclose such information to the Mainland regulatory authorities and law enforcement agencies so as to facilitate the performance of their regulatory, surveillance and enforcement functions with respect to the Mainland financial markets.

18.3 Personal Data for Compliance with SEHK's Requirements: By instructing the Company in respect of any Transaction relating to China Connect Securities, you acknowledge and agree that the Company may use your personal data for the purposes of complying with the requirements of the SEHK and its rules as in force from time to time in connection with the Stock Connect Northbound Trading Services. You also acknowledge that despite any subsequent purported withdrawal of consent by you, your personal data may continue to be stored, used, disclosed, transferred and otherwise processed for the above purposes, whether before or after such purported withdrawal of consent.

18.4 Consequences of failing to provide Personal Data or Consent: Failure to provide the Company with your personal data or consent as described in this Clause 18 may mean that the Company will not, or no longer be able, as the case may be, to carry out your trading Instructions or provide you with the Company's Stock Connect Northbound Trading Services or any part thereof. For example, the Company may only be able to input your China Connect sell order (but not any buy order) Instructions into the CSC for your account. You should also note that SEHK may impose such criteria, conditions and requirements as it may in its sole discretion consider appropriate from time to time to determine the China Connect orders which may be allowed to be inputted into the CSC for you under such circumstances.

Schedule I: Risk Disclosure Statements

The Client should read these risk disclosure statements carefully. These statements form an integral part of the Agreement and the Account Opening Form. By executing the Account Opening Form, the Client acknowledges that it has received and read these statements in a language of its choice (English or Chinese) and confirms its understanding of the risks which may arise in connection with the investments and transactions relating to the Accounts. These risk disclosure statements do not disclose or purport to disclose all the risks and relevant considerations in connection with all the investments and transactions relating to the Accounts. The client should refrain from making any investment or transaction unless the Client fully understands the risks involved and has obtained independent legal, tax, financial and other advice from its own advisers as it considers appropriate. The Company is not, and shall not be deemed to be, the Client's financial advisor.

◆ Risks in Securities Trading

1. The prices of securities (including but not limited to bonds or benefits of unit trust funds, mutual funds, or other collective investment schemes) fluctuate, sometimes dramatically. The price of a security may move up or down, and may become valueless. It is as likely that losses will be incurred rather than profit made as a result of buying and selling securities.
2. Any representation of past performance is not necessarily a guide to future performance.
3. Where investments involve exposure to foreign currencies, changes in rates of exchange may cause the value of the investments to fluctuate up or down.
4. Investments in emerging markets need careful and independent assessment by you of each investment and the risks (including without limitation sovereign risk, issuer risk, price risk, liquidity risk, legal and tax risks). Further, you should be aware that, while such investments can yield high gains, they can also be highly risky as the markets are unpredictable and there may be inadequate regulations and safeguards available to investors.
5. The Company is entitled to act upon your instructions and you cannot assume that the Company will warn you if your instructions are ill-timed or inadvisable for any reason or if the instructions are likely to cause you loss.
6. Before you make any investment, you should obtain a clear explanation of all commission, fees and other charges for which you will be liable. These charges will affect your net profit (if any) or increase your loss.

◆ Risks of Growth Enterprise Market (GEM) Stocks Business

Growth Enterprise Market ("GEM") stocks involve a high investment risk. In particular, companies may list on GEM with neither a track record of profitability nor any obligation to forecast future profitability. GEM stocks may be very volatile and illiquid. You should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors. Current information on GEM stocks may only be found on the internet website operated by the Stock Exchange of Hong Kong Limited. GEM Companies are usually not required to issue paid announcements in gazetted newspapers. You should seek independent professional advice if you are uncertain of or have not understood any aspect of this risk disclosure statement or the nature and risks involved in trading of GEM stocks.

◆ Risks of Buy-and-Sell of NASDAQ Securities in SEHK

The securities traded under the Nasdaq-Amex Pilot Program (the “PP”) are aimed at sophisticated investors. You should consult the Company and become familiarised with the PP before trading in the PP securities. You should be aware that the PP securities are not regulated as a primary or secondary listing on the Main Board or the Growth Enterprise market of The Stock Exchange of Hong Kong Limited.

◆ **Risks of Over-the-counter (OTC)/Grey Market Trading**

You must understand the nature of the OTC transaction, the trading facilities and the level of risk you can afford before trading. If in doubt, you should seek independent professional advice. Processing the OTC transaction are subject to risks, including the risk of other counterparties, the risk that the securities will ultimately fail to be listed on the exchange, the lower liquidity and the higher volatility. The relevant transactions are not guaranteed to be settled and you are responsible for your and/or your transactions. The opponent is unable to settle any losses or expenses incurred. The price of OTC securities may differ materially from the opening or trading price in the regular market time after it is listed on the exchange. The price of securities displayed on an OTC market may not reflect the price of the same security transaction in another automated trading system operating at the same time. The OTC market is not regulated by the exchange and is not protected by the investor compensation fund until the listing of the securities is officially recorded in the trading system of the exchange.

◆ **General Risks in Relation to Over-the-Counter (OTC) Derivative Transactions**

OTC derivative transactions, like other financial transactions, involve a variety of significant risks. The specific risks presented by a particular OTC derivative transaction necessarily depend upon the terms of the transaction and your circumstances. In general, however, all OTC derivative transactions involve some combination of market risk, credit risk, funding risk and operational risk.

1. Market risk is the risk that the value of a transaction will be adversely affected by fluctuations in the level or volatility of or correlation or relationship between one or more market prices, rates or indices or other market factors or by illiquidity in the market for the relevant transaction or in a related market.
2. Credit risk is the risk that a counterparty will fail to perform its obligations to you when due.
3. Funding risk is the risk that, as a result of mismatches or delays in the timing of cash flows due from or to your counterparties in OTC derivative transactions or related hedging, trading, collateral or other transactions, you or your counterparty will not have adequate cash available to fund current obligations.
4. Operational risk is the risk of loss to you arising from inadequacies in or failures of your internal systems and controls for monitoring and quantifying the risks and contractual obligations associated with OTC derivative transactions, for recording and valuing OTC derivative and related transactions, or for detecting human error, systems failure or management failure. There may be other significant risks that you should consider based on the terms of a specific transaction. Highly customised OTC derivative transactions in particular may increase liquidity risk and introduce other significant risk factors of a complex character. Highly leveraged transactions may experience substantial gains or losses in value as a result of relatively small changes in the value or level of an underlying or related market factor. Because the price and other terms on which you may enter into or terminate an OTC derivative transaction are individually negotiated, these may not represent the best price or terms available to you from other sources. In evaluating the risks and contractual obligations associated with a particular OTC derivative transaction, you should also consider that an OTC derivative transaction may be modified or terminated only by mutual consent of the original parties and subject to agreement

on individually negotiated terms. Accordingly, it may not be possible for you to modify, terminate or offset your obligations or your exposure to the risks associated with a transaction prior to its scheduled termination date. Similarly, while market makers and dealers generally quote prices or terms for entering into or terminating OTC derivative transactions and provide indicative or mid-market quotations with respect to outstanding OTC derivative transactions, they are generally not contractually obligated to do so. In addition, it may not be possible to obtain indicative or mid-market quotations for an OTC derivative transaction from a market maker or dealer that is not counterparty to the transaction. Consequently, it may also be difficult for you to establish an independent value for an outstanding OTC derivative transaction. You should not regard your counterparty's provision of a valuation or indicative price at your request as an offer to enter into or terminate the relevant transaction at that value or price, unless the value or price is identified by the counterparty as firm or binding. The above does not purport to disclose all of the risks and other material considerations associated with OTC derivative transactions. You should not construe this generic disclosure statement as business, legal, tax or accounting advice or as modifying applicable law. You should consult your own business, legal, tax and accounting advisers with respect to proposed OTC derivative transactions and you should refrain from entering into any OTC derivative transaction unless you have fully understood the terms and risks of the transaction, including the extent of your potential risk of loss.

◆ **Risks of Trading Exchange-Traded Structured Products (“Structured Products”) (e.g. derivative warrants (“Warrants”) or callable bull/bear contracts (“CBBCs”))**

1. **Risk of Issuer Default.** In the event that a Structured Product issuer becomes insolvent and defaults on their listed securities, investors will be considered as unsecured creditors and will have no preferential claims to any assets held by the issuer. Investors should therefore pay close attention to the financial strength and credit worthiness of structured product issuers. Note: “Issuers Credit Rating” showing the credit ratings of individual issuers is now available under the Issuer and Liquidity Provider Information sub-section under Derivative Warrants and under CBBCs section on the HKEx corporate website.
2. **Risk of Uncollateralized Product.** Uncollateralized Structured Products are not asset backed. In the event of issuer bankruptcy, investors can lose their entire investment. Investors should read the listing documents to determine if a product is uncollateralized.
3. **Gearing Risk Structured.** Products such as Warrants and CBBCs are leveraged and can change in value rapidly according to the gearing ratio relative to the underlying assets. Investors should be aware that the value of a Structured Product may fall to zero resulting in a total loss of the initial investment.
4. **Expiry Considerations.** Structured Products have an expiry date after which the issue may become worthless. Investors should be aware of the expiry time horizon and choose a product with an appropriate lifespan for their trading strategy.
5. **Extraordinary Price Movements.** The price of a Structured Product may not match its theoretical price due to outside influences such as market supply and demand factors. As a result, actual traded prices can be higher or lower than the theoretical price.
6. **Risks of Foreign Exchange.** Investors trading Structured Products with underlying assets not denominated in Hong Kong dollars are also exposed to exchange rate risk. Currency rate fluctuations can adversely affect the underlying asset value, also affecting the Structured Product price.
7. **Risks of Liquidity.** SEHK requires all Structured Product issuers to appoint a liquidity provider for each individual issue. The role of liquidity providers is to provide two way quotes to facilitate trading of their products. In the event that a liquidity provider defaults or ceases to fulfil its role, investors may not be able to buy or sell the product until a new liquidity provider has been assigned.

There is no guarantee that investors will be able to buy or sell their Structured products at their target price any time they wish.

◆ **Some Additional Risks of Warrants Trading**

1. Risks of Time Decay. All things being equal, the value of a Warrant will decay over time as it approaches its expiry date. Warrants should therefore not be viewed as long term investments.

2. Volatility Risks. Prices of Warrants can increase or decrease in line with the implied volatility of underlying asset price. Investors should be aware of the underlying asset volatility.

3. Market Risks and Transaction Turnover. Other than basic factors that determine the theoretical price of a Warrant, Warrant price are also affected by all prevailing market forces including the demand for and supply of the Warrants. The market forces will be greatest when a Warrant issue is almost sold out and when issuers make further issues of an existing Warrant issue. High turnover should not be regarded as an indication the price of a Warrant will go up. The price of a Warrant is affected by a number of factors in addition to market forces, such as the price of the underlying assets and its volatility, the time remaining to expiry, interest rates and the expected dividend on the underlying assets.

◆ **Some Additional Risks of the Trading of CBBCs**

1. Risks of Compulsory Withdrawal. Investors trading CBBCs should be aware of their intraday “knock-out” or mandatory call feature. A CBBC will cease trading when the underlying asset value equals the mandatory call price/level as stated in the listing documents. Investors will only be entitled to the residual value of the terminated CBBC as calculated by the product issuer in accordance with the listing documents. Investors should also note that the residual value can be zero.

2. Financing Cost. The issue price of a CBBC includes funding costs. Funding costs are gradually reduced over time as the CBBC moves towards expiry. The longer the duration of the CBBC, the higher the total funding costs. In the event that a CBBC is called, investors will lose the funding costs for the entire lifespan of the CBBC. The formula for calculating the funding costs are stated in the listing documents.

3. Trading Occurring Close to the Withdrawal Prices. When the underlying asset is trading close to the call price, the price of a CBBC may be more volatile with wider spreads and uncertain liquidity. CBBC may be called at any time and trading will terminate as a result. However, the trade inputted by the investor may still be executed and confirmed by the Exchange participants after the Mandatory Call Event (“MCE”) since there may be some time lapse between the MCE time and suspension of the CBBC trading. Any trades executed after the MCE will not be recognized and cancelled. Therefore, investors should be aware of the risk and ought to apply special caution when the CBBC is trading close to the call price.

◆ **Risks of Synthetic Exchange Traded Funds (ETFs) Trading**

Different to the traditional exchange traded funds, synthetic ETFs do not buy the assets in their benchmark. Instead, they typically invest in financial derivative instruments to replicate the benchmark’s performance. The investment in synthetic ETFs is highly risky and not suitable to all. Investors must understand clearly and consider the following risks prior to the purchase of synthetic ETFs.

1. **Market Risks:** ETFs are typically designed to track the performance of certain indices, market sectors, or group of assets such as stocks, bonds, or commodities. Investors are exposed to the political, economic, currency and other risks related to the ETF's underlying index/assets it is tracking. Investment must be prepared to bear the risk of loss and volatility associated with the underlying index/asset.
2. **Risks of Counterparties:** Where a synthetic ETF invests in derivatives to replicate the index performance, investors are exposed to the credit risk of the counterparties who issued the derivatives, in addition to the risks relating to the index. Further, potential contagion and concentration risks of the derivatives issuers should be taken into account (e.g. since derivative issuers are predominantly international financial institutions, the failure of one derivative counterparty of synthetic ETF may have a "knock-on" effect on other derivative counterparties of the synthetic ETFs). Some Synthetic ETFs have collateral to reduce the counterparty risk, but there may be a risk that the market value of the collateral has fallen substantially when the synthetic ETF seeks to realize the collateral.
3. **Liquidity Risk:** There is no assurance that a liquid market exists for an ETF. A higher liquidity risk is involved if a synthetic ETF involves derivatives which do not have an active secondary market. Wider bid-offer spreads in the price of derivatives may result in losses. Therefore, they can be more difficult costly to unwind early, when the instruments provide access to a restricted market where liquidity is limited
4. **Tracking Error Risk:** There may be disparity between the performance of the ETFs and the performance of the underlying index due to, for instance, failure of the tracking strategy, currency differences, fees and expenses.
5. **Trading at Discounts or Premiums:** Where the index/market that the ETF tracks is subject to restricted access, the efficiency in unit creation or redemption to keep the price of the ETFs in line with its net asset value (NAV) may be disrupted, causing the ETF to trade at a higher premium or discount to its NAV. Investors who buy an ETF at a premium may not be able to recover the premium in the event of termination.
6. **Risks of Foreign Exchange:** Investors trading ETFs with underlying assets not denominated in Hong Kong dollars are also exposed to exchange rate risk. Currency rate fluctuations can adversely affect the underlying asset value, also affecting the ETFs price.

◆ Risks in Margin Trading

1. The Client acknowledges that, apart from the risks associated with securities trading in general, additional risks may arise specifically in connection with securities margin trading including: The risk of loss in financing a transaction by deposit of Charged Assets is significant. The Client may sustain losses in excess of its cash and any other assets deposited as Collateral with the Company.
2. Market conditions may make it impossible to execute contingent orders such as "stop-loss" or "stop-limit" orders. The Client may be called upon at short notice to make additional margin deposits or interest payments. If the required margin deposits or interest payments are not made with the prescribed time, the Client's Charged Assets may be liquidated without its consent.
3. The Client will remain liable for any resulting deficit in its account and interest charged on its account. The Client should carefully consider whether such financing arrangement is suitable in light of its own financial position and investment objectives.
4. There is a risk if the Client provides the Company with an authority that allows it to apply the Client's Securities or the Charged Assets pursuant to a securities borrowing and lending agreement, repledge the Client's Securities or the Charged Assets for financial accommodation or deposit the Client's Securities or the Charged Assets as collateral for the discharge and satisfaction of the Company's settlement obligations and liabilities.
5. If the Client's Securities or the Charged Assets are received or held by the Company in Hong Kong, the arrangement described in (4) above is allowed only if the Client consents in writing. Moreover,

unless the Client is a Professional Investor, the Client's authority must specify the period for which it is current and be limited to not more than 12 months. If the Client is a Professional Investor, these restrictions do not apply.

6. Additionally, the Client's authority referred to in (5) above may be deemed to be renewed (i.e. without the Client's written consent) if the Company issues the Client a reminder at least 14 days prior to the expiry of the authority, and the Client does not object to such deemed renewal before the expiry date of the Client's then existing authority.

7. The Client is not required by any law to sign any of the authorities referred to in (5) above. But an authority may be required by the Company, for example, to facilitate margin lending to the Client or to allow the Client's Securities or the Charged Assets to be lent to or deposited as collateral with third parties. The Company should explain to the Client the purposes for which any of these authorities is to be used.

◆ **Risks of the Authorized Third Parties**

There are substantial risks in allowing an authorized third party to trade or operate your account, and it is possible that instructions could be given by persons not properly authorized. You accept all of the risks of such an operation and irrevocably releases the Company from all liabilities arising out of or in connection with such instructions, whether taken by the Company or otherwise.

◆ **Risk of Providing an Authority to Hold Mail or to Direct Mail to Third Parties**

If you provide the Company with an authority to hold mail or to direct mail to third parties, it is important for you to promptly collect in person all contract notes and statements of your account and review them in detail to ensure that any anomalies or mistakes can be detected in a timely fashion.

◆ **Risks of Leaving Money or Other Property in the Custody of the Company or its Nominees or Agents**

You acknowledge that there are risks in leaving money or other property in the custody of the Company or its nominees or agents. For example, if the Company is holding your money or other property and becomes insolvent, you may experience significant delay in recovering the same. These are risks that you are prepared to accept.

◆ **Risks of Receiving or Holding the Client's Assets Outside Hong Kong**

Client assets received or held by the Company or its nominee(s) outside Hong Kong are subject to the applicable laws and regulations of the relevant overseas jurisdiction which may be different from the Securities and Futures Ordinance (Cap.571) and the rules made thereunder. Consequently, such client assets may not enjoy the same protection as that conferred on client assets received or held in Hong Kong.

◆ **Risk relating to Trading in US Exchange-listed or Over-the-counter ("OTC") Securities or Derivatives**

You should understand the US rules applicable to trades in security or security-like instrument in markets governed by US law before undertaking any such trading. US law could apply to trading in US markets irrespective of the law applicable in your home jurisdiction.

Many (but by no means all) stocks, bonds and options are listed and traded on US stock exchanges. NASDAQ, which used to be an OTC market among dealers, has now also become a US exchange. For exchange-listed stocks, bonds and options, each exchange promulgates rules that supplement the rules

of the US Securities & Exchange Commission ("SEC") for the protection of individuals and institutions trading in the securities listed on the exchange.

OTC trading among dealers can continue in exchange-listed instruments and in instruments that are not exchange-listed at all. For securities that are not listed on any exchange, trading can continue through the OTC bulletin board or through the inter-dealer "pink sheets" that carry representative (not actual) dealer quotes. These facilities are outside of NASDAQ.

Options on securities are subject to SEC rules and the rules of any securities exchange on which the options are listed. Options on futures contracts on commodities like wheat or gold are governed by rules of the US Commodity Futures Trading Commission ("CFTC"). There are also commercial options, like options on real estate, that are governed neither by SEC nor CFTC rules.

Whether you are intending to trade in US exchange-listed securities, OTC securities or derivatives (such as Options or Futures), you should understand the particular rules that govern the market in which you are intending trade. An investment in any of these instruments tends to increase the risk and the nature of markets in derivatives tends to increase the risk even further.

Market makers of OTC bulletin board are unable to use electronic means to interact with other dealers to execute trades. They must manually interact with the market, i.e. use standard phone lines to communicate with other dealers to execute trades. This may cause delays in the time it takes to interact with the market place. This, if coupled with increase in trade volume, may lead to wide price fluctuation in OTC bulletin board securities as well as lengthy delays in execution time. You should exercise extreme caution when placing market orders and fully understand the risks associated with trading in OTC bulletin board.

Market data such as quotes, volume and market size may or may not be as up-to-date as expected with NASDAQ or listed securities.

As there may be far fewer market makers participating in OTC securities markets, the liquidity in that security may be significantly less than those in listed markets. As such, you may receive a partial execution or the order may not be executed at all. Additionally, the price received on a market order may be significantly different from the price quoted at the time of order entry. When fewer shares of a given security are being traded, larger spreads between bid and ask prices and volatile swings in price may result. In some cases, the liquidation of a position in an OTC security may not be possible within a reasonable period of time.

Issuers of OTC securities have no duty to provide any information to investors, maintain registration with the SEC or provide regular reports to investors.

◆ **Risks specific to Initial Public Offerings**

If the Offer Securities (as defined in Appendix II (Initial Public Offerings)) are denominated in a currency other than Hong Kong Dollars (a "**Foreign Currency**") or in both Hong Kong Dollar and a Foreign Currency, investors are exposed to exchange rate risk and may suffer loss as a result of the fluctuations in exchange rate.

The risk of loss in financing a transaction by deposit of collateral is significant. There is a risk that the company's share price will drop below its initial IPO price, once the company's shares commence trading on the stock market. Clients may sustain losses in excess of their cash and any other assets deposited as collateral with a licensed or registered person. Market conditions may make it impossible to execute contingent orders, such as "stop-loss" or "stop-limit" orders. You should maintain sufficient margin at all times. Clients may be called upon at short notice to make additional margin deposits or interest payments. If the required margin deposits or interest payments are not made within the prescribed time, clients' collateral may be liquidated without their consents. Moreover, clients will remain liable for any resulting deficits in their accounts and interests charged on their accounts. Clients should therefore carefully consider whether such a financing arrangement is suitable in light of their own financial positions and investment objectives.

◆ Risks in Relation to Pre-Listing Trading

The definitions in Appendix V (Pre-Listing Trading) apply to this section.

1. The Client should only undertake trading on OTC if the Client understands the nature of such trading and such trading facilities and the extent of the Client's exposure to the risks.
2. By trading on OTC, the Client is exposed to the credit, settlement, and other risks of the counterparty to the relevant OTC transactions, including (but not limited to Transactions of Securities before their listing on the Exchange). Settlement of the relevant Transactions is not guaranteed and the Client will be responsible for any losses or expenses resulting from the Client's and/or the counterparty's settlement failures.
3. Trades executed on OTC may be cancelled and void if that particular Securities subsequently fails to list on the Exchange.
4. The Client's order may only be partially executed, or not at all, as a result of the lower liquidity in trading on OTC as compared to regular market hours of the Exchange. There may also be greater volatility in trading on OTC than in regular market hours of the Exchange. The lower liquidity and higher volatility in trading on OTC may then result in wider than normal spreads for a particular type of Securities.
5. The prices of Securities traded on OTC may differ significantly from their opening or traded prices transacted during the regular market hours upon the listing of the Securities on the Exchange.
6. The prices displayed on OTC may not reflect the prices in other concurrently operating automated trading systems dealing in the same Securities.
7. News announcements made by the issuers may affect the price of their Securities after regular market hours. Similarly, important financial information is often announced outside regular market hours. In trading on OTC, these announcements may occur during trading and may cause an exaggerated and unsustainable effect on the price of a particular type of Securities.
8. The OTC market will not be covered by the Investor Compensation Fund until the relevant transaction is properly recorded on the trading system of the SEHK upon the listing of the Securities on the SEHK. Please also refer to Clauses 4.4 (Counterparty Risk) and 4.5 (Settlement Risk) of Appendix V (Pre-Listing Trading).

◆ Risks in Relation to Funds

The Client understands that the following risk disclosure statements explain some general risks, but are not meant to be an exhaustive list of all possible risks, involved in the Client's investment or dealing in Funds. For specific risks associated with a particular Fund, the Client should refer to the relevant offering documents for details.

1. Funds are investment products and some may involve derivatives. Funds are not equivalent to time deposits.
2. Whilst derivative instruments may be used in a Fund for hedging purposes, the risks remains that the relevant hedging instrument may not necessarily fully correlate to the investments in a Fund and accordingly, not fully reflect changes in the value of the investment, giving rise to potential net losses.
3. Some Funds may use financial derivatives instruments for investment purposes, which may involve embedded leverage. The use of financial derivatives instruments may expose the Client to additional risks including but not limited to volatility risk and counterparty risk. Fund manager(s) of a Fund may invest a substantial portion of the Funds' net assets in structured products, derivatives and non-investment grade debt securities. During adverse market conditions, the Client may suffer significant financial losses.
4. A Fund that is a hedge fund uses alternative investment strategies and the inherent risks are different and are not typically encountered in traditional funds.
5. The price of the Units of a Fund can and do fluctuate, sometimes dramatically. The value of and income from a Fund is not guaranteed and may move up or down and may even become valueless. There is an inherent risk that losses may be incurred rather than profits made as a result of buying and

selling Units of a Fund. The Client may not get back the amount that the Client has initially invested. In the worst case scenario, the value of the Units of a Fund may be worth substantially less than the amount that the Client has invested (and in an extreme case could be worth nothing).

6. Past performance of a Fund is not an indication of future performance.

7. A Fund that invests in certain markets and companies (e.g. emerging markets, commodity markets or smaller companies) may also involve a higher degree of risk and is usually more sensitive to price movements.

8. Deductions of charges and expenses mean that the Client may not get back the amount it invested.

9. The Client's right to redeem Units in a Fund may be restricted by certain circumstances (depending on the feature and terms of the Fund). In other words, there is a risk that Units in a Fund may be difficult to (purchase or) sell depending on those circumstances.

10. The Company will effect the Client's orders as soon as practicable; however, the execution of such orders may not coincide with the dealing days stipulated in the relevant offering document of a Fund. Furthermore, before a Client's order is placed by the Company with the relevant Fund manager for execution, the Company may aggregate and consolidate (either daily or from time to time) a Client's order together with orders placed by the Company's other clients. There may be a discrepancy in the price or value of a Unit between when a Client places an order with the Company and when the order is executed by the relevant Fund manager.

11. A Fund could contain Units that do not permit dealing every day. Investment in such funds will only be realisable on their respective dealing days. The appropriate market price of these investments can only be determined on the relevant Fund's dealing days.

12. An investment in a Fund that is not denominated in HKD or USD is exposed to exchange risk fluctuations. Exchange rates may cause the value of the investment to fluctuate.

13. Units of a Fund held by the Company or any other person appointed by the Company as the Client's nominee outside of Hong Kong are subject to the applicable laws and regulations of the relevant overseas jurisdiction. These overseas laws and regulations may differ from the laws and regulations in Hong Kong. As a result, the Client may not enjoy the same protection for those Units in a Fund as the Client would enjoy for the same Units in a Fund that are held in Hong Kong.

14. There can be no assurance that the investment objective and strategy of a Fund will be successfully achieved.

15. Investment in Funds involve risks and prior to investing, the Client should read the relevant constitutive documents, offering documents and other relevant documents of a particular Fund to understand its features, terms and risks.

16. Before investing or dealing in a Fund, the Client should carefully consider whether that Fund is suitable having regard to the Client's investment experience, investment objectives, financial resources and other relevant circumstances.

The Client must also consider these risk disclosure statements together with those set out under the section titled "Risks in Securities Trading" above.

◆ Risks in relation to Bond Trading

1. Bonds are not an alternative to ordinary savings or time deposits.

2. The price of bonds may fluctuate during its tenor and may even become valueless.

3. Key Product Risks It is crucial to understand the specific risks mentioned in the relevant offering documents (if applicable) before investing. Key risks include, but are not limited to, the ones we have listed below:

(a) Credit Risk: The Client assumes the credit risk of the issuer and the guarantor (if applicable). Any changes to the credit rating of them will affect the price and value of the bonds. Bonds are subject to the risk of the issuer defaulting on its obligations, i.e. an issuer fails to make principal and interest payments when due. In the worst case scenario of a bankruptcy of the issuer/guarantor, the Client could

risk losing the value of the entire investment. Credit ratings assigned by credit rating agencies do not guarantee the creditworthiness of the issuer;

(b) Liquidity Risk: The bond may have limited liquidity and may not be actively traded and/or quoted by brokers in the market. As such:

(i) the value of bond and/or indicative bid/offer price will depend on market liquidity and conditions which may not be available at all times;

(ii) it may take a longer time or it may be impossible to sell the bond at prevailing market conditions; and

(iii) the executable sale price may differ unfavourably by large amounts from the indicative bid price quoted;

(c) Currency Risk: For bonds denominated in a foreign currency, there may be an exchange loss when converting the redemption amount back to the local or base currency;

(d) Interest Rate Risk: Bonds are more susceptible to fluctuations in interest rates and generally prices of bonds will fall when interest rates rise; and

(e) Market Risk: The value of investments may fluctuate due to changing political, legal and, economic conditions and changes in interest rates. This is common to all markets and asset classes. Investor's return may be substantially less than the initial investment.

4. In addition to the risks listed above, high-yield bonds are subject to additional risks such as:

(a) Higher Credit Risk: Since high-yield bonds are typically rated below investment grade or are unrated, they are often subject to a higher risk of issuer default; and

(b) Vulnerability to Economic Cycles: During economic downturns high-yield bonds typically fall more in value than investment grade bonds as

(i) investors become more risk averse and

(ii) default risk rises.

5. It is important to note that certain bonds may contain special features and risks that warrant special attention. These include:

(a) Perpetual Bonds: Perpetual debentures do not have a maturity date, and the coupon payments pay-out depends on the viability of the issuer in the very long term, it may be deferred or even suspended subject to the terms and conditions of the issue. Furthermore perpetual debentures are often callable and/or subordinated, and bear re-investment risk and/or subordinated bond risk, detailed below.

(b) Re-investment Risk of Callable Bond: If the bond is callable in which the issuer may redeem the bond before maturity, it is subject to re-investment risk. The yield received when re-investing the proceeds may be less favourable.

(c) Subordinated Bonds: Holders of subordinated debentures will bear higher risks than holders of senior debentures of the issuer due to a lower priority of claim in event of the issuer's liquidation. Subordinated debentures are unsecured and have lesser priority than that of an additional debt claim of the same asset. They usually have a lower credit rating than senior bonds. The Client's specific attention is drawn to the credit information of this product, including the respective credit rating of the issuer, the debenture and/or the guarantor, as the case may be.

(d) Bonds with Variable Coupon/Coupon Deferral features: If the bonds contain variable and/or deferral of interest payment terms, then the Client would face uncertainty over the amount and time of the interest payments to be received.

(e) Bonds with Extendable Maturity Date: If the bonds contain extendable maturity date terms, then the Client would not have a definite schedule of principal repayment.

(f) Convertible or Exchangeable Bonds: Convertible or Exchangeable bonds are convertible or exchangeable in nature and the Client is subject to both equity and bond investment risk. They may additionally have a contingent write-down or loss absorption feature, meaning the bond may be written-off fully or partially or converted to common stock on the occurrence of a trigger event. These bonds generally absorb losses while the issuer remains a going concern. Before investing in bonds of this nature, the Client should pay extra attention to its features, the trigger events, the implications and consequences of such trigger events.

(g) Multiple Credit Support Providers: This refers to bonds with more than one guarantor. The Client should take into account matters such as the credibility of the guarantors, whether such guarantors have material operations and the credit support structure(s) involved. Under some credit support structures, the bondholders' rights may be subordinated to those of the issuer, the guarantors and/or other parties where an event of default were triggered.

(h) Other / Multiple Credit Support Structures: This refers to bonds with keepwell deed(s) in place as a form of credit enhancement feature. Some of these bonds may also have credit support provider(s) such as guarantor(s). Keepwell deeds need to be individually assessed and could be structurally complex. They are not guarantees and are subject to much greater legal and regulatory uncertainty compared to guarantees. In particular, capital control laws in certain countries could heighten the risk that timely payments will not be made, even if a keepwell deed exists.

6. Transactions in Other Jurisdictions:

(a) Transactions for bond trading on markets in other jurisdictions, including markets formally linked to a domestic market, may expose the Client to additional risk. Such markets may be subject to regulation which may offer different or diminished investor protection. For example, the Company conducts some or all of the transactions for bond trading through overseas intermediaries. Before the Client trades, the Client should enquire about any rules relevant to its particular transactions. The Client's local regulatory authority will be unable to compel the enforcement of the rules of regulatory authorities or markets in other jurisdictions where the Client's transactions have been effected.

(b) (The Client should only consider trading outside the Hong Kong market if it fully understands the nature of the relevant foreign market and the extent of its exposure to risks. The Client should carefully consider whether such trading is appropriate for it in light of its experience, risk profile, and other relevant circumstances, and seek independent professional advice when it is in doubt.

(c) In the event that the transaction is being executed outside Hong Kong, the Client recognizes that such transactions will be subject to the applicable local laws, rules and regulations of the overseas jurisdiction, which may be different to those in the jurisdiction of Hong Kong. Particularly, the Client should familiarize itself with the rules and regulations in relation to holding restrictions and disclosure obligations, and comply with the same.

(d) The Client also accepts where the Company arranges for the execution of orders on various exchanges and market centers, such transaction will be cleared and settled by the relevant market participant or its nominated clearing agent.

(e) (All transactions executed in pursuance of the Client's instructions on an overseas market will be subject to transaction levies and other costs that the relevant exchange may impose from time to time. The Company is authorized to collect such levies and costs in accordance with the rules prescribed by the relevant exchange.

(f) The Company will determine the amounts required to meet the Client's obligations (if any), and amounts to which the Client may be entitled (if any). The Client should closely monitor its positions, as in some unforeseeable market conditions, the Company may be unable to contact the Client and forced liquidation may be necessary. (g) The Client accepts that transactions executed on any exchanges outside Hong Kong will not be subject to a right to claim under the Investor Compensation Fund established under the SFO, and may be marked with different levels or types or protection compared to the protection afforded by the laws of Hong Kong.

◆ Risks in relation to Algorithmic Trading

The Company may make available to the Client a suite of various order types on its trading platform that may use computerized algorithms. These order types allow the Client to input various conditions as part of its Instruction for a Transaction to the Company. The Company's computerized routing systems will attempt to place such Instructions into the market in accordance with the conditions set. Algorithmic order types range from standard limit orders to more complex strategies. The trading platform may require additional systems on the Client's part in order to function properly.

There are special characteristics and risks associated with algorithmic trading. You should understand these risks and determine whether algorithmic trading is appropriate in light of your objectives and experience.

1. Technical Errors: Algorithmic trading can be effected when your systems, the Company's systems or the Exchanges' systems are experiencing technical difficulties. Risks include possible delays or failures in (i) availability of your connection to the Company's services and of the Company's services to the relevant Exchange; (ii) the operation of databases and internal transfers of data; (iii) the provision of data feeds (accuracy of data and stability of data connections); (iv) possible hardware failures; (v) usage loads, bandwidth limitations, and other bottlenecks inherent in computerized and networked architectures; (vi) issues, disputes, or failures of third party vendors and other dependencies; and (vii) other general risks inherent in computer-based operations. Any of these could lead to delays or failures in order execution, incorrect order execution and other problems.

2. Software and Design Flaws: All software is subject to inadvertent programming errors and bugs embedded in the code comprising that software. Algorithmic order types may contain logical errors in the code to implement them. Errors may exist in the data used for testing the algorithm or the applicable model of the market. Despite testing and monitoring, inadvertent errors and bugs may still cause algorithmic order types to fail or behave incorrectly.

3. Market Impact and Events: Market conditions will impact the execution of algorithmic orders. Possible adverse market conditions include lack of liquidity, price swings, late market openings, early market closings, market chaos, and mid-day trading pauses, and other such disruptive events. The execution of an algorithm can itself have an impact on the market, including causing lack of liquidity or abrupt and unwarranted price swings.

4. Losses: You'll suffer losses at a higher speed by using electronic and algorithmic trading compared to other forms of trading. Any or all of the other risk factors **said-stated** could cause more significant trading losses when using algorithmic trading compared to other forms of trading.

◆ Risks of Trading RMB Securities or Investing in Renminbi Investment

1. Exchange risks and Daily Conversion Limit, etc. RMB is currently not freely convertible and there may at any given time be limited availability of RMB outside Mainland China. There is conversion risk in RMB denominated securities, and daily or other limits may apply to conversion amounts. If converting to or from RMB in Hong Kong, you may have to allow sufficient time to avoid exceeding such limits. In addition, there is a liquidity risk associated with RMB denominated securities, especially if such securities do not have an active secondary market and their prices have large bid/offer spreads. Investment in RMB denominated securities is subject to exchange rate risks. The value of the RMB against any other foreign currencies fluctuates and is affected by changes in Mainland China and international political and economic conditions and by many other factors. The value of RMB settlement amounts compared to other currencies will vary with the prevailing exchange rates in the market. For RMB products which are not denominated in RMB or with underlying investments which are not RMB denominated, such products will be subject to multiple currency conversion costs involved in making investments and liquidating investments, as well as the

RMB exchange rate fluctuations and bid/offer spreads when assets are sold to meet redemption requests and other capital requirements (e.g. settling operating expenses).

2. Limited availability of underlying investments denominated in RMB For RMB products that do not have access to invest directly in Mainland China, their available choice of underlying investments denominated in RMB outside Mainland China may be limited. Such limitation may adversely affect the return and performance of the RMB products.

3. Projected returns which are not guaranteed If the RMB investment product is attached with a statement of illustrative return which is (partly) not guaranteed, you should pay particular attention to any disclosure relating to the return (or the part of the return, as the case may be) which is not guaranteed and the assumptions on which the illustrations are based, including, e.g., any future bonus or dividend declaration.

4. Long term commitment to investment products For RMB products which involve a long period of investment, you should pay particular attention to the fact that if you redeem the investment before the maturity date or during the lock-up period (if applicable), you may incur a significant loss of principal where the proceeds may be substantially lower than the invested amount. You should beware of the early surrender/withdrawal fees and charges, if any, as well as the loss of bonuses (where applicable) as a result of redemption before the maturity date or during the lock-up period.

5. Credit risk of counterparties You should pay particular attention to the credit risk of counterparties involved in the RMB products. To the extent that the RMB products may invest in RMB debt instruments not supported by any collateral, such products are fully exposed to the credit risk of the relevant counterparties. Where a RMB product may invest in derivative instruments, counterparty risk may also arise as the default by the derivative issuers may adversely affect the performance of the RMB product and result in substantial loss.

6. Interest Rate Risks For RMB products which are, or may invest in, RMB debt instruments, you should pay attention to the fact that such instruments may be susceptible to interest rate fluctuations, which may adversely affect the return and performance of the RMB products.

7. Liquidity Risk You should pay attention to the liquidity risk associated with the RMB products, and where applicable, the possibility that the RMB products may suffer significant losses in liquidating the underlying investments, especially if such investments do not have an active secondary market and their prices have large bid/offer spreads.

8. Possibility of not receiving RMB upon redemption For RMB products with a significant portion of non-RMB denominated underlying investments, you should pay attention to the possibility of not receiving the full amount in RMB upon redemption. This may be the case if the issuer is not able to obtain a sufficient amount of RMB in a timely manner due to the exchange controls and restrictions applicable to the currency.

9. Additional risks associated with leveraged trading Prior to conducting leveraged trading of RMB products, you should make sure that you understand and accept the risks and the terms and conditions of the borrowing arrangement. Leveraging heightens the investment risk by magnifying prospective losses. You should pay attention to the circumstances under which you will be required to place additional margin deposits at short notice and that my/our collateral may be liquidated without my/our consent. You should beware of the risk that market conditions may make it impossible to execute contingent orders, such as “stop-loss” orders. In addition, you should be mindful of the

exposure to interest rate risk, and in particular, the cost of borrowing may increase due to interest rate movements.”

◆ Risks in relation to the China Connect Terms and Conditions

The definitions in Appendix IX (China Connect Terms and Conditions) apply to this section.

1. Home Market Rules. In respect of China Connect Securities, Mainland China is the home market and thus the general principle is that investors in China Connect Securities should observe Mainland China securities laws and regulations. Nevertheless, certain Hong Kong legal and regulatory requirements will also continue to apply to Northbound trading.

Trading and Settlement Restrictions

2. Pre-Trade Checking. SEHK is required to check that in respect of any Northbound sell orders given by an Exchange Participant, the relevant Exchange Participant holds sufficient and available China Connect Securities to be able to fill such Northbound sell orders. Pre-Trade Checking will be carried out prior to the start of each Trading Day. Accordingly, you may be unable to execute Northbound sell orders due to Pre-Trade Checking related requirements. Your attention is drawn to the provisions set out in Clause 8 (Compliance with Pre-Trade Checking Requirements) of the China Connect Terms. Note in particular that you may be unable to execute a sell order of China Connect Securities if there has been a delay or failure for whatever reason in the transfer of the relevant China Connect Securities to any clearing account of us or if for any other reason we consider that there is or may be non-compliance with any China Connect Laws. Any risk, loss or cost resulting from non-compliance or potential non-compliance with Pre Trade Checking and/or the relevant China Connect Laws or China Connect Rules shall be borne by you.

3. Settlement. Northbound trades will follow the A Share settlement cycle. For settlement of China Connect Securities trades, ChinaClear will debit or credit the Accounts of its participants (including HKSCC as clearing participant) on T day free of payment. We may have settlement arrangements in place different from the ChinaClear settlement arrangements. Unless we agree to prefund settlement, settlement of funds relating to such trading will be effected on T+1 day. We may, in our absolute discretion, decide to prefund settlement. In the event we agree to prefund the settlement of China Connect Securities trades, (a) we shall retain the funds received from HKSCC on T+1 day; and (b) you shall reimburse us with respect to any 'excess' pre-funding provided by us. You acknowledge that there is no guarantee that we will offer prefunding settlement and that if we decide to offer prefunding settlement, we may decide to terminate such service at any time.

4. Quota Restrictions. Purchases of China Connect Securities through China Connect are subject to certain quota controls as described below. As a result, there is no assurance that a buy order can be successfully placed through China Connect. There is a daily quota that limits the maximum value of all Northbound buy trades that can be executed by Exchange Participants on each Trading Day ("**Daily Quota**"). The Daily Quota may change from time to time without prior notice and investors are advised to refer to the HKEx website and other information published by the HKEx for up-to-date information. If the Daily Quota has been reached, we will be unable to carry out any buy orders and any instruction to buy submitted but not yet executed will be restricted or rejected. However, investors may continue to sell their China Connect Securities regardless of whether there is a breach of the Daily Quota.

5. Restriction on Day Trading. Unless SEHK otherwise determines, day (turnaround) trading is not permitted on the Mainland China A Share market. If you buy China Connect Securities on T day, you may be able to sell the shares only on or after T+1 day. Due to Pre-Trade Checking related requirements, we may accept an instruction to sell China Connect Securities that were bought on T day only on or after the applicable cut-off time (as notified to you by us from time to time) on T+1 day.

6. No Off-exchange Trading and Transfers. You, we and any Related Person shall not conduct or provide off-exchange services to facilitate trading of any China Connect Securities otherwise than through the relevant China Connect Market System, except in the circumstances or as otherwise provided by a relevant China Connect Authority:

(a) stock borrowing and lending of China Connect Securities which are eligible for covered short selling and with a tenor of no more than one month;

(b) post-trade allocation of China Connect Securities by a fund manager and

(c) any other situations specified by the China Connect Market Operators and ChinaClear.

7. Placing Orders. Only limit orders with a specified price are allowed pursuant to the China Connect Laws, whereby buy orders must not be lower than at the current best price and sell orders may be executed at or higher than the specified price. Market orders will not be accepted.

8. Price Limits of the China Connect Market. China Connect Securities are subject to a general price limit of a $\pm 10\%$ based on the previous Trading Day's closing price. In addition, China Connect Securities which are on the risk alert board are subject to a $\pm 5\%$ price limit based on the previous trading day's closing price. The price limit may be changed from time to time. All orders in respect of China Connect Securities must be within the price limit. Any orders with a price beyond the price limit will be rejected by the relevant China Connect Market Operator.

9. China Connect Securities Eligible for Northbound Trading. SEHK will include and exclude securities as China Connect Securities based on the prescribed criteria under the China Connect Laws. We shall not be under any obligation to inform you of any changes to the eligibility of shares for Northbound trading. You should refer to the HKEx website and other information published by the HKEx for up-to-date information.

According to the SSE Rules and SZSE Rules, if any SSE-listed or SZSE-listed company is in the delisting process, or its operation is unstable due to financial or other reasons such that there is a risk of being delisted or exposing investors' interest to undue damage, the SSE-listed or SZSE-listed company will be earmarked and traded on the risk alert board. Any change to the risk alert board may occur without prior notice. If a China Connect Security which is eligible for China Connect trading at launch of the programme is subsequently moved to the risk alert board, investors under China Connect will be allowed only to sell the relevant China Connect Security and will be prohibited from further buying.

10. Account Information of Beneficial Owner. The identity of the beneficial owner of China Connect Securities which are the subject of a sell order may need to be disclosed to HKSCC and/or the relevant Mainland China authorities.

11. No Manual Trade or Block Trade. There will be no manual trade facility or block trade facility for Northbound trading under China Connect.

12. Amendment of Orders and Loss of Priority. Consistent with the current practice in Mainland China, if an investor engaged in Northbound trading wishes to amend an order, the investor must first cancel the original order and then input a new one. Accordingly, order priority will be lost and, subject to the Daily Quota restriction, the subsequent order may not be filled on the same Trading Day.

13. Special China Connect Securities. SEHK will accept or designate securities which cease to meet the eligibility criteria for China Connect Securities as Special China Connect Securities (provided that they remain listed on a China Connect Market). In addition, any securities or options (which are not "eligible for China Connect trading") received by you as a result of any distribution of rights or entitlements, conversion, takeover, other corporate actions or abnormal trading activities will be accepted or designated by SEHK as Special China Connect Securities. You will only be able to sell, but not buy, any Special China Connect Securities.

Mainland China and Hong Kong Legal Issues

14. Disclosure of Interests. Under Mainland China laws, rules and regulations, if you hold or control shares on an aggregate basis, i.e., including both domestically and overseas issued shares of the same Mainland China Listco (as defined below), whether the relevant holdings are through Northbound trading, QFII/RQFII regime or other investment channels) in a Mainland China incorporated company which is listed on a Mainland China stock exchange (a "**Mainland China Listco**") above a certain threshold as may be specified from time to time by the relevant China Connect Authorities, you must disclose such interest within the period specified by the relevant China Connect Authority, and you must not buy or sell any such shares within the period specified by the relevant China Connect Authority. You must also disclose any substantial change in your holding as required by the relevant China Connect Authority. Where a Mainland China incorporated company has both H Shares listed on the SEHK and A Shares listed on the SSE and/or SZSE, if an investor is interested in more than a certain threshold (as may be specified from time to time) of any class of voting shares (including A Shares purchased through China Connect) in such Mainland China incorporated company, the investor is under a duty of disclosure pursuant to Part XV of the SFO. Part XV of the SFO does not apply where the Mainland China incorporated company has not listed any shares on the SEHK. It shall be your responsibility to comply with any disclosure of interest rules from time to time imposed by the relevant China Connect Authorities and arrange for any relevant filings.

15. Short Swing Profit Rule. Under Mainland China laws, rules and regulations, the "short swing profit rule" requires you to give up/return any profits made from purchases and sales in respect of China Connect Securities of a particular Mainland China Listco if (a) your shareholding in that Mainland China Listco exceeds the threshold prescribed by the relevant China Connect Authority from time to time and (b) the corresponding sale transaction occurs within the six months after a purchase transaction, or vice versa. You (and you alone) must comply with the "short swing profit rule".

16. Foreign Ownership Limits. Under Mainland China laws, rules and regulations, there is a limit to how many shares a single foreign investor is permitted to hold in a single Mainland China Listco, and also a limit to the maximum combined holdings of all foreign investors in a single

Mainland China Listco. Such foreign ownership limits may be applied on an aggregate basis (i.e. across both domestically and overseas issued shares of the same issuer, whether the relevant holdings are through Northbound Trading, QFII/RQFII regime or other investment channels). It shall be your responsibility to comply with all foreign ownership limits from time to time imposed by the China Connect Laws. Such legal and regulatory restrictions or limitations may have an adverse effect on the liquidity and performance of an investment in China Connect Securities due to factors such as limitations on fund repatriation, dealing restrictions, adverse tax treatments, higher commission costs, regulatory reporting requirements and reliance on services of local custodians and service providers. As a result, you may suffer losses through your trading or investment in China Connect Securities.

If we become aware that you have breached (or reasonably believes that you may breach upon execution of further Northbound buy orders) any foreign ownership limits, or if we are so required by any China Connect Authority, including, without limitation, as a result of any Forced-sale Notice issued by a China Connect Market Operator, we will sell any China Connect Securities pursuant to Clause 10 (Sale, Transfer and Disgorgement) of the China Connect Terms if you fail to comply with the corresponding Client Forced-sale Notice in order to ensure compliance with all applicable China Connect Laws. In such case, no Northbound buy orders for the relevant China Connect Securities will be accepted until SSE or SZSE informs the relevant SEHK Subsidiary or SEHK that the relevant aggregate foreign ownership limit has fallen below a certain percentage. SEHK may determine in its absolute discretion which Exchange Participants and what quantity of China Connect Securities should be subject to a Forced-sale Notice (this is likely to be on a "last-in, first-out" basis), and SEHK's (or the relevant SEHK Subsidiary's) own records shall be final and conclusive. Moreover, under Mainland China laws, where the aggregate holdings of foreign investors exceed a specified percentage (the "Cautionary Level") of the issued shares of a single Mainland China Listco, upon notification by the SSE or SZSE to the relevant SEHK Subsidiary, SEHK and the relevant SEHK Subsidiary are required as soon as practicable thereafter to suspend accepting China Connect Securities buy orders in respect of the relevant China Connect Securities. In such circumstances, we may reject your buy orders until the aggregate shareholding of foreign investors has fallen below the specified percentage (the "Permitted Level") as advised by SSE or SZSE. As of the date of these China Connect Terms, the single foreign investor limit is set at 10% of the shares of a Mainland China Listco and the aggregate foreign investor limit is set at 30% of the shares of a Mainland China Listco (while the Cautionary Level and the Permitted Level are set at 28% and 26% respectively of the shares of a Mainland China Listco). Such limits are subject to change from time to time and we shall not be under any obligation to inform you of any such changes to foreign ownership limits.

17. Taxation. Prior to investing in China Connect Securities, you are strongly urged to consult your own tax advisers and counsel with respect to the possible Hong Kong and/or Mainland China tax consequences to you of such investment since such tax consequences may differ in respect of different investors. You will be fully responsible for any Taxes in respect of China Connect Securities including and will indemnify us and any Related Person from and against all Hong Kong and/or Mainland China Taxes which we or any Related Person may incur arising in connection with any China Connect Securities which you hold, trade or otherwise deal in. We assume no responsibility for advising on or handling any tax issues, liabilities and/or obligations in connection with China Connect, nor will we provide any service or assistance in this regard. Please refer to Clause 14 (Fees and Taxation) of the China Connect Terms for details of the applicable legal terms.

18. Insider Dealing, Market Manipulation and Other Market Conduct Rule

Northbound trading through the China Connect will be subject to Mainland China laws and regulations prohibiting activities that constitute market manipulation, insider dealing and related offences. The scope of these restrictions may not be the same as equivalent requirements under Hong Kong law. In particular, defenses applicable under Hong Kong market misconduct rules may not be applicable under Mainland China laws and regulations. If you are unfamiliar with Mainland China market conduct requirements and restrictions, you should seek specialist advice before engaging in trading through the China Connect. You confirm that you are not in possession of inside information when trading China Connect Securities or procuring others to do so.

19. Client Securities Rules. By way of brief background, the Securities and Futures (Client Securities) Rules (Cap 571H of the Laws of Hong Kong) ("**Client Securities Rules**") prescribe how client assets are to be dealt with by all intermediaries and their associated entities. However, as the China Connect Securities traded through China Connect are not listed or traded on SEHK, the Client Securities Rules will not apply unless otherwise specified by the SFC or any other relevant China Connect Authority.

20. Ownership of China Connect Securities. Hong Kong law recognizes the proprietary interest of investors in shares held for them by their broker or custodian in CCASS. Such recognition should apply equally to China Connect Securities held for Hong Kong and overseas investors by the Clearing Participant through HKSCC. In addition, in Mainland China (where China Connect Securities are registered in an Account opened with ChinaClear in the name of HKSCC), it is expressly stipulated in the CSRC China Connect Rules that HKSCC acts as the nominee holder and the Hong Kong and overseas investors are the beneficial owners of the China Connect Securities. Accordingly, the regulatory intention appears to be that Hong Kong and overseas investors should also have proprietary rights over China Connect Securities under Mainland China laws. You should conduct your own review of the materials published by HKEX on China Connect in relation to the ownership of China Connect Securities and the applicable China Connect Rules as they may be amended and supplemented from time to time. You should also consult your own legal advisers to make your own assessment of your rights as a Northbound investor in China Connect Securities. You should also note that as China Connect is a recent initiative there may be some uncertainty surrounding such arrangements. In addition, while Hong Kong and overseas investors may have proprietary rights over China Connect Securities, HKSCC as nominee is not obliged to enforce such rights in Mainland China on behalf of such investors.

Clearinghouse Risk

21. Risk of ChinaClear Default. ChinaClear has established a risk management framework and measures that are approved and supervised by the CSRC. If ChinaClear (as the host central counterparty) defaults, HKSCC has stated that it may (but shall have no obligation to) take any legal action or court proceeding to seek recovery of the outstanding China Connect Securities and monies from ChinaClear through available legal channels and through ChinaClear's liquidation process, if applicable. HKSCC will in turn distribute the China Connect Securities and/or monies recovered to clearing participants on a pro-rata basis as prescribed by the relevant China Connect Authorities. We in turn will be distributing China Connect Securities and/or monies to the extent recovered directly or indirectly from HKSCC. Although the likelihood of a default by ChinaClear is considered to be remote, investors should be aware of this arrangement and of this potential exposure before engaging in Northbound trading.

22. Risk of HKSCC Default. Our provision of services pursuant to these China Connect Terms also depends upon the performance by HKSCC of its obligations. Any action or inaction of the HKSCC or a failure or delay by the HKSCC in the performance of its obligations may result in a failure of settlement of China Connect Securities and/or monies in connection with them and you may suffer losses as a result. Neither we nor any Related Persons shall have any responsibility or liability for any such losses.

Other Operational Issues

23. Scripless Securities. China Connect Securities are traded in scripless form and accordingly, China Connect Securities may not be physically deposited into and/or withdrawn from CCASS.

24. Company Announcements on Corporate Actions. Any corporate action in respect of China Connect Securities will be announced by the relevant issuer through the SSE or SZSE website (as applicable) and certain appointed newspapers. HKSCC will also record all corporate actions relating to China Connect Securities in CCASS and inform its clearing participants of the details via the CCASS terminals as soon as practicable on the announcement date. Investors engaged in Northbound trading may refer to the SSE or SZSE website and the relevant newspapers for the latest listed company announcements or, alternatively, the HKEx website's China Stock Markets Web (or such other replacement or successor web page from time to time) for corporate actions in respect of China Connect Securities issued on the previous trading day. Investors should note that SSE-listed and SZSE-listed issuers publish corporate documents in Chinese only, and English translations will not be available. In addition, HKSCC will endeavour to collect and distribute cash dividends relating to China Connect Securities to clearing participants in a timely manner. Upon receipt of the dividend amount, HKSCC will to the extent practicable arrange to distribute to relevant clearing participants on the same day. Following existing market practice in Mainland China, investors engaged in Northbound trading will not be able to attend shareholder meetings by proxy or in person, unlike the current practice in Hong Kong in respect of SEHK-listed shares. We do not and cannot ensure the accuracy, reliability or timeliness of any company announcements of corporate actions and neither we nor any Related Person accept any liability (whether in tort or contract or otherwise) for any loss or damage arising from any errors, inaccuracies, delays or omissions or any actions taken in reliance thereon. We expressly disclaim all warranties, expressed or implied, as to the accuracy of any company announcement or as to the fitness of the information for any purpose.

25. Average Pricing across Funds for Fund Manager. If you act as a fund manager for more than one fund or an asset manager on behalf of more than one client and you pre-allocate China Connect orders across such funds or clients which you manage, we may offer Average Pricing for such orders notwithstanding such orders may be executed at different times during the same Trading Day. Where Average Pricing applies, each fund or client will be allocated China Connect Securities (or their proceeds) at the same averaged price, which may be higher or lower than the price which such fund or client would have paid or received had the orders been processed individually and in the order submitted directly or indirectly to us. Neither we nor any Related Person will be responsible for any such differences in pricing or any loss or risk arising from the application of Average Pricing.

26. Disclosure of Information and Publication of Trade Information. SEHK may require us to provide information on your profile, and the type and value of your orders in relation to Northbound trading of China Connect Securities and the trades which we executed for you at such intervals and

in such form as SEHK may specify from time to time for purposes of the publication, dissemination or public distribution of aggregated information in respect of China Connect Securities trades under China Connect, trading volumes, investor profiles and other related data.

27. Client Error. Neither we nor any Related Person shall be liable for any loss, damage or expense or consequential loss, damage or expense suffered by an investor as a result of any trading based on the investor's instructions. We will not be able to unwind any trade, and investors should also take note of the settlement arrangements in respect of China Connect Securities under China Connect, including but not limited to quota restrictions. The China Connect Rules generally prohibit any off-exchange trading or transfers. However transfers may be permitted between you and us to rectify a trade in limited circumstances, although there is a lack of clarity as to the circumstances in which such transfers may be permitted. We shall have absolute discretion to determine whether to conduct any transfer to rectify any error trade and shall have no obligation to do so. Neither we nor any Related Person shall have any liability for any losses which may result directly or indirectly from such errors or any refusal to conduct a transfer to correct an error trade.

You acknowledge and accept that we will be required under the China Connect Rules to keep records for a period of no less than 20 years of (a) all orders and trades executed on your behalf, (b) any instructions received from you; (c) your account information in relation to Northbound trading; and (d) all relevant information concerning margin trading and stock borrowing and lending of any China Connect Securities (including, without limitation, in respect of any such margin trading, the relevant securities margin trading arrangement and the funds provided.

29. China Connect Market System. SEHK or the SEHK Subsidiary (after consulting with SEHK) may, under certain circumstances as specified in the SEHK rules and/or whenever the SEHK determines that it is appropriate and in the interest of a fair and orderly market to protect investors, temporarily suspend or restrict all or part of the order-routing and related supporting services with regard to all or any Northbound trading of China Connect Securities, and for such duration and frequency as SEHK may consider appropriate. You will not be able to buy or sell China Connect Securities on SEHK through China Connect during any period in which trading of China Connect Securities is suspended. In particular, you should note that while trading of China Connect Securities is suspended by the SEHK, trading of such China Connect Securities may continue on SSE and/or SZSE. You may remain exposed to fluctuations in the price of China Connect Securities caused by trading on SSE and/or SZSE during the period when trading of such China Connect Securities is suspended by SEHK. SEHK has absolute discretion to change the operational hours and arrangements of the China Connect Service at any time and without advance notice, whether on a temporary basis, due to operational needs, inclement weather, under emergency situations or otherwise. Moreover, SEHK or the SEHK Subsidiary (with the agreement of SEHK) may cease the provision of the China Connect Northbound trading service permanently. Such suspension, restriction or cessation will affect our ability to accept and process your orders and you are advised to refer to the HKEx website and other information published by the HKEx for up-to-date information. There can be no assurance that your orders will be accepted or processed, notwithstanding that China Connect Securities may be traded through other channels including, without limitation, by PRC investors on the SSE and/or SZSE. Further, the SEHK rules state that where any H Shares with corresponding A Shares eligible as China Connect Securities are suspended from trading on SEHK, but the corresponding A Shares are not suspended from trading on the SSE, the service for routing the China Connect sell orders and China Connect buy orders for such A Shares to the SSE for execution will normally remain available. However, SEHK may, in its

discretion, restrict or suspend such service without prior notice and your ability to place sell orders and buy orders may be affected.

The China Connect Market Systems are new platforms for trading of China Connect Securities under China Connect. We are not responsible for any delay or failure caused by the China Connect Market Systems and investors accept all risks arising from trading China Connect Securities through the China Connect Market Systems. If there is any delay or failure to send any order cancellation requests in any circumstance described in paragraph (e) above, you shall, in the event such order is matched and executed, remain responsible for fulfilling any settlement obligations in respect of such transaction. You acknowledge that HKEx, SEHK, SEHK Subsidiary, SSE, the subsidiary of SSE and their respective directors, employees and agents are not responsible or held liable for any such losses.

30. Operational Hours. SEHK has absolute discretion to determine from time to time the operational hours of the China Connect service, and will have absolute discretion to change the

operational hours and arrangements of the China Connect service at any time and without advance notice whether on a temporary basis or otherwise. We shall not be under any obligation to inform you of any such determinations by the SEHK as to the operational hours of the China Connect Service. Moreover, SEHK or an SEHK Subsidiary (with the agreement of SEHK) may cease the provision of China Connect Northbound trading service permanently. Such suspension, restriction or cessation will affect our ability to accept and process your orders and you are advised to refer to the HKEx website and other information published by the HKEx for up-to-date information.

31. **Margin Trading.** Subject to certain conditions prescribed by the China Connect Authorities, Hong Kong and overseas investors may conduct margin trading in China Connect Securities determined by the relevant China Connect Authorities to be eligible for margin trading ("**Eligible Margin Trading Securities**"). The HKEx will from time to time publish a list of Eligible Margin Trading Securities. Each of the China Connect Market Operators may suspend margin trading activities in any specific A Share if the volume of margin trading activities in such A Share exceeds a threshold determined by such China Connect Market Operator and resume margin trading activities when the volume of margin trading activities drops below a prescribed threshold. Where SEHK is notified by a China Connect Market Operator that a suspension or resumption involves a security on the list of Eligible Margin Trading Securities, the HKEx will disclose such information on its website. In such circumstances, any margin trading (except for margin trading in respect of China Connect Securities buy orders) in the relevant China Connect Security shall be suspended and/or resumed accordingly. Each of the China Connect Market Operators reserves the right to require, at some future date, for margin trading orders to be flagged when routed to China Connect. Neither we nor any Related person shall have any obligation to update you in respect of the list of Eligible Margin Trading Securities or any restrictions or suspensions in respect of margin trading from time to time.

32. **Rights Issuances.** Where you receive any form of entitlement security from the issuer of a China Connect Security, if such entitlement security:

(a) is a China Connect Security, you will be permitted to buy and sell the entitlement security through China Connect;

(b) is not a China Connect Security but is a RMB denominated security listed on the SSE or SZSE, you may be allowed to sell the entitlement security through China Connect but will not be permitted to buy such entitlement security;

(c) is an SSE-listed security or SZSE-listed security but is not traded in RMB, you will not be allowed to buy or sell the entitlement security through China Connect; and

(d) is not listed on the SSE or SZSE, you will not be allowed to buy or sell the entitlement security on China Connect unless and until appropriate arrangements (if any) have been provided by HKSCC. It is possible that no such alternative arrangements will be provided.

33. **Odd Lot Trading.** Odd lot trading in China Connect Securities is available only for sell orders and all odd lots must be sold in one single order. A board lot order may be matched with different odd lot sell orders, resulting in odd lot trades. The maximum order size is 1 million shares and the tick size is uniformly set at RMB0.01.

34. Short Selling. Covered short selling of China Connect Securities may become available in due course provided such covered short selling satisfies the requirements specified by the relevant China Connect Authorities, including that short selling orders are only in respect of China Connect Securities designated as eligible for short selling, are appropriately flagged as such and that they are subject to an uptick rule. Naked short selling of China Connect Securities is prohibited. The China Connect Authorities may also suspend the ability to engage in short selling of any China Connect Security if the volume of short selling activity exceeds thresholds prescribed by SSE or SZSE. You will be fully responsible for understanding and complying with short selling requirements as in effect from time to time and for any consequences of non-compliance.

35. Stock Borrowing and Lending. Stock borrowing and lending will be permitted for eligible China Connect Securities as specified by the China Connect Market Operators for the purposes of (a) covered short selling, (b) satisfying the Pre-Trade Checking requirement and (c) in any other circumstances as SEHK or the China Connect Market Operators may specify from time to time. Stock borrowing and lending of eligible China Connect Securities will be subject to restrictions set by SEHK and the China Connect Market Operators, including but not limited to the following:

- (a) stock borrowing and lending agreements for the purpose of covered short selling shall have a duration of not more than one month;
- (b) stock borrowing and lending agreements for the purpose of satisfying the Pre-Trade Checking requirement shall have a duration of not more than one day (and roll-over is not permitted);
- (c) stock lending will be restricted to certain types of persons to be determined by the China Connect Market Operators; and
- (d) stock borrowing and lending activities will be required to be reported to SEHK.

The China Connect Market Operators will determine a list of China Connect Securities eligible for stock borrowing and lending. Special China Connect Securities are not eligible for stock borrowing and lending for the purpose of covered short selling (but are eligible for the purpose of satisfying the Pre-Trade Checking requirement). We will be required to file a monthly report to the SEHK providing details of our stock borrowing and lending activities with respect to China Connect Securities. This may include (amongst others) details of the borrower, lender, amount of shares borrowed/lent, amount of shares outstanding and date of borrowing/returning. Investors are advised to refer to the relevant provisions from time to time applicable in the SEHK China Connect Rules (as and when these are published) and in the China Connect Laws and China Connect Rules.

36. RMB Conversion. Any conversion of any currency into RMB pursuant to Clause 9 (Settlement and Currency Conversion) of the China Connect Terms may be subject to conversion limits. Settlement of a Northbound buy order may be delayed and/or fail if there is a delay in converting the relevant currency into RMB. Any risk, loss or cost resulting from any such delay or failure of settlement shall be borne by you.

37. Risks associated with Trading of ChiNext Shares. The trading of ChiNext Shares is subject to the risks associated with the SZSE ChiNext market, including but not limited to such risks arising from the following:

- (a) volatility and overvaluation of the share prices;

(b) the less stringent requirements on profitability and share capital of the ChiNext market (compared to the main board markets in Mainland China);

(c) given the technological focus of the companies listed on the ChiNext market, such companies are more susceptible to technical failures in their respective business areas; and

(d) conventional valuation methods may not be entirely applicable to companies listed on the ChiNext market due to the high-risk nature of the relevant industries. Presently only Institutional Professional Investors are allowed to place orders to Exchange Participants to buy or sell ChiNext Shares which are accepted as China Connect Securities (other than Special China Connect Securities which are eligible for sell orders only) through the use of the China Connect Service.

38. Risks associated with the Circuit Breaker Mechanism. The execution of trades in China Connect Securities is subject to the China Connect Rules including the Circuit Breaker Provisions. Although the Circuit Breaker mechanism has been currently suspended, you should note that any imposition of a Circuit Breaker on any trading day will result in the suspension of the execution of trades through SSE or SZSE for such period or periods as set out in the Circuit Breaker Provisions.

39. Other risks associated with investing in China Connect Securities

General Mainland China related risk

Mainland China is an emerging market that possesses one or more of the following characteristics: a certain degree of political instability, relatively unpredictable financial markets and economic growth patterns, a financial market that is still at the development stage or a weak economy. Emerging markets investments usually result in higher risks such as event risk, political risk, economic risk, credit risk, currency rate risk, market risk, liquidity/gapping risk, regulatory/legal risk, trade settlement, processing and clearing risks and bondholder/shareholder risk.

Equity risk

Investing in China Connect Securities may offer a higher rate of return than investing in short-term and longer-term debt securities. However, the risks associated with investments in China Connect Securities may also be higher, because the investment performance of China Connect Securities depends upon factors which are difficult to predict. Such factors include the possibility of sudden or prolonged market declines and risks associated with individual companies. The fundamental risk associated with any equity portfolio is the risk that the value of the investments it holds might suddenly and substantially decrease in value.

General legal and regulatory risk

You must comply with all China Connect Laws and China Connect Rules. Furthermore, any change in any China Connect Laws or China Connect Rules may have an impact on the market sentiment which may in turn affect the performance of China Connect Securities. It is impossible to predict whether such an impact caused by any such change will be positive or negative for China Connect Securities. In the worst case scenario, you may lose a material part of your investments in China Connect Securities. In addition, any litigation or other legal actions brought before the courts in Mainland China will be subject to Mainland China laws, rules and procedures, which are not the same as those which apply to the courts in Hong Kong.

Currency risk

RMB is subject to foreign exchange controls and restrictions. It may be difficult for investors to convert RMB into other currencies or vice versa at any specific time, and conversion will be subject to conversion costs and such costs and timings for conversion may not be of your preference. The value of RMB against Hong Kong dollars or other foreign currencies may be affected by a wide range of factors. There is no guarantee that RMB will not depreciate. A depreciation of RMB may result in a decrease in the market value of RMB securities and the realization price of RMB securities. There are also significant restrictions on the remittance of RMB into and out of the PRC. The liquidity and trading price of China Connect Securities may be adversely affected by the limited availability of RMB outside the PRC and restrictions on the conversion of RMB. These factors may affect the liquidity of RMB for investors and accordingly adversely affect the market demand for China Connect Securities.

40. Investor Compensation Fund. Trading in China Connect Securities does not enjoy the protection afforded by the Investor Compensation Fund established under the Securities and Futures Ordinance. Accordingly, when you trade in China Connect Securities, unlike the trading of SEHK-listed securities, you will not be covered by the Investor Compensation Fund in respect of any loss you may sustain by reason of a default by SFC licensed or registered persons.
